

The Desert Sun

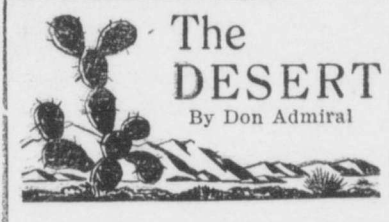

Of Palm Springs, California

Dedicated to the GROWTH, DEVELOPMENT, and CONSTANT IMPROVEMENT of AMERICA'S FOREMOST DESERT RESORT

Friday, February 3 to Friday, February 10, 1939

Price Five Cents

Vol. XII.—No. 27.

The seeds of smoke trees and creosote bushes do not germinate easily. In Cathedral City there is a man, Frank Kuzma, who has defied this difficulty by planting smoke tree and creosote seeds along the fence of his large lot with the idea of growing a hedge. The hedge is now a reality, the only one I know of on the desert.

Mr. Kuzma, also, has a garden, a real garden in which he raises vegetables for his own consumption. He dug a pit about six feet wide, twenty feet long and two feet deep and filled it with silt. That was just the beginning, as all the jackrabbits and lizards in that section came to help themselves to the crisp vegetables. Even the ants joined in the raiding. Now there is a two foot board fence about the garden and rabbit-proof fence around the entire lot. The ants are on their way to extermination.

Many of the trees in Cathedral City have been planted by Robert Martins who is an expert in making desert plants grow. He and Kuzma, who are cronies, get their heads together in solving the peculiarities of desert plant propagation. Martins has a hybrid in his yard, a plant obtained by crossing a palo verde and a parkinsonia. The blossoms are similar to both parents; the leaves are a compromise, being compound, with fewer and larger leaflets than the parkinsonia, but smaller leaflets than the palo verde. The seeds from

(Continued On Page Four)

Carl Barkow Now Sole Owner of The Desert Sun

On February 1st Carl Barkow became the sole owner of The Desert Sun, having purchased the interest of his partner, Harvey Johnson. The partnership established this newspaper 12 years ago, and it has been published winter and summer, (52 weeks a year), in Palm Springs during all that period, nine years of this time at the present location in the Hannans Building, 290 North Palm Canyon Drive.

Mr. Johnson will take an extended vacation, and plans to purchase another newspaper in the Spring.

Carl Barkow will continue to devote his time to The Desert Sun, as he has during the past 12 years, and his son, Harold Barkow, becomes the editor. Marcelle Barkow is the office manager, and Miss Jane Wilson, who came here from the San Diego Tribune, has charge of the society pages and is assisting in the advertising department.

2 Councilmen Appointed to Police Board

The first step toward absorption of the Palm Springs Police Protection District by the city government took place this week when two of the three district commissioners resigned and upon their recommendation the county board of supervisors on Monday appointed in their place the two members of the city council's police committee.

The commissioners who resigned are George B. Roberson and John P. Holditch. Appointed to fill the vacancies are Councilmen Alvah F. Hicks and Dr. A. B. Clifton. Carl G. Lykken remained on the board. The district cannot be absorbed by the city until next spring, after the last half of the taxes have been paid. Then by special election, the change can be made, and the city council's police committee can continue in charge without any change in the personnel of the directing body.

Village Manifests Patriotic Enthusiasm for American Benefit Performance Stated for February 13 at Plaza Theatre

The "Americanism Benefit Performance" being planned for Monday, February 13, by the local "Americanism committee" will be held in the Plaza Theatre from 3:00 to 5:30 p. m., it was decided at a meeting of the committee Monday afternoon at The Desert Inn.

The local patriotic meeting will be made possible through the co-operation of the Palm Springs committee and the Americanism Educational League. The meeting will have a dual purpose—to foster better Americanism locally and to raise funds for the Americanism Educational League to use in its fight against communism, fascism and nazism in California. A portion of the funds raised by donations at this meeting will be held back by the local committee for use in Palm Springs in fighting these insidious "isms."

PROGRAM

Plans to date for the patriotic meeting here are as follows: Three patriotic moving pictures will be shown, including "Give Me Liberty" and "The Romance of Louisiana." At least one screen star has signified her intention of making a personal appearance; she is Irene Rich. A stirring address stressing national defense will be delivered by Dr. John R. Lechner, famous orator and executive director of the Americanism Educational League. It is also hoped that the rifle and drum corps of the Riverside American Legion post will be able to be here to march down Palm Canyon Drive to the theatre, before the program. During the course of the demonstration an appeal will be made for donations to carry on the fight against the encroachment of "isms" on American freedom.

Monday, February 13 was chosen as the date for the patriotic meeting for two reasons. It is the legal holiday for Lincoln's birthday and is during National Defense Week (Feb. 12-22).

Tickets Free

Admission to the meeting at the Plaza Theatre will be free of charge, but by ticket only. All seats will be reserved, and tickets can be obtained from any member of the committee. Sections will be reserved for the students of the Palm Springs high school and for the seventh and eighth grades of the grammar school. Tickets were given Thursday to every member of the Palm Springs Lions Club.

The Palm Springs committee was formed at a meeting at the Desert Inn held Thursday evening, Jan. 19. Earl Coffman was elected chairman of the committee at that time, and tentative plans for the Feb. 13 meeting were made.

Met Monday

A second meeting of the committee was held this Monday afternoon, Jan. 30, at the Desert Inn. Judge Albert R. Hoffman acted as temporary chairman at this meeting because of the absence of Earl Coffman. (Continued On Last Page)

Disincorporation Petitions Are Being Circulated

Last week the rumor was prevalent along Palm Canyon Drive that a petition asking for a disincorporation election was being circulated about the village; and this week the rumor blossomed into reality as the circulators of the petition announced Thursday afternoon that already 160 voters had signed.

Leader in the movement to disincorporate Palm Springs is Charles G. Chamberlain, local building contractor.

Legal adviser for the committee is Attorney Wallace P. Rouse, former city attorney of Indio.

BOYS! GIRLS!
HERE'S A CHANCE TO GET A BEAUTIFUL \$37.50 New Excelsior BICYCLE for only a few hours work

Get 30 new paid-in-advance full-year subscriptions or 60 new six-months subscriptions, to THE DESERT SUN and the Bicycle is yours.

Collections on old subscriptions count only half as much, so you will have to get twice as many of these.

All you need to do is to come to The Desert Sun office, get a receipt book, and go out and ask your friends to subscribe to The Desert Sun.

Any boy or girl who doesn't get enough subscribers to receive a bicycle will receive 15 per cent commission on all the money he or she has turned in—so everyone will be paid well for their efforts.

See the new Excelsior bicycles at Miller's Bicycle Shop, next door to The Desert Sun office. These positively retail for \$37.50 each.

This Offer Closes March 31, 1939

They're Coming Back

"Amos 'n' Andy," Freeman Gosden (left, and Charles Correll (right), popular radio comedy team, who will arrive in the village on February 13, for their annual visit to Palm Springs.

Each season "Amos 'n' Andy" broadcast for a few weeks from here, and technicians are now fixing up their broadcasting room in the El Mirador Hotel tower. This season they will broadcast for six weeks straight from the village.

The above picture was taken last season in the El Mirador tower broadcasting room. The popular comedians are listening intently to an address over the radio by President Roosevelt.

Jitterbug Contest, Entertainment, and Prizes To Delight Villagers At Benefit Valentine Dance Saturday Night

A trophy cup, symbolic of the jitterbug championship of Palm Springs, will be presented to the couple winning the jitterbug contest at the gala Valentine Dance scheduled for Saturday night, February 11, under the auspices of the Palm Springs Co-ordinating Council. This was revealed this week by President Merrill Crockett of that body.

Polo Games at At Field Club This Week-End

The Palm Springs Polo Team will play the Long Beach Club Saturday and Sunday, each game to be played at the Field Club at 2:30 p. m.

The lineup for the local team will be Andy Moody at number one, Charles Farrell 2, Guy Campbell 3, and Ewart Goodwin 4. The Long Beach team's lineup will be Gus Walker playing number 1, Eddie Eviitt at 2, Al Lehrn 3 and C. Crowley 4.

The field is reported to be in fine shape and an interesting week-end of polo is expected. The Palm Springs team recently lost to the Valencia team and beat the San Diego team, so their games with Long Beach will be important in determining their standing.

Dist. Atty. Buron Fitts To Address Masonic Group

District Attorney Buron Fitts of Los Angeles County will address the Palm Springs Masonic Luncheon Club during its next meeting Tuesday, Feb. 7, at the Desert Inn.

The luncheon meeting is scheduled to commence at 12:15 Tuesday noon, and members of the organization are welcome to bring guests.

Visitors who would like to attend this meeting, or members who plan to attend, should make reservations immediately with Thales Boyd, phone 3072.

Other prizes for lesser jitterbugs will also be presented at the benefit Valentine Dance.

Original plans were to stage a dance and jitterbug contest only. However, arrangements are now being made by the Co-ordinating Council for various entertainment features to be presented during the intermission periods throughout the evening.

The Palm Springs Co-ordinating Council is composed of two or more representatives from every organization in the village. It is giving this dance in the grammar school auditorium on the night of February 11 to raise more funds to carry on its project of providing adequate playground facilities for local children. The project includes public children's playgrounds at both the grammar and high schools.

Tickets for the benefit affair are now on sale at the following places: Palm Springs Drug Company, The Desert Sun, Palm Springs Sporting Goods, first station, El Paseo Pharmacy, Bigley's Gilmore station and Ralph Shaw's Texaco station. Tickets may also be purchased from any member of the Palm Springs Lions Club.

Woman's Club Building Fund Growing

With a lot presented to them by Mrs. Austin G. McManus with the understanding that a club house would be built thereon, members of the newly-formed Palm Springs Woman's Club have put their shoulders to the task of raising the necessary funds to erect the building. The goal is \$12,000.

Two benefit performances of the Desert Inn Famous Players raised \$500 for the building fund, the remainder came in the form of personal donations, as follows:

Desert Inn Players	\$ 500
Mrs. T. A. O'Donnell	1,000
Mrs. Herbert Carpenter	1,000
Wm. Kidston	1,000
Mrs. Warren Pinney	500
Two anonymous donors	1,000

Other pledges and subscriptions have raised the total appreciably.

Wm. Callahan, local cowboy was thrown from his horse at the Rodeo Saturday afternoon. He suffered many cuts and bruises but had no broken bones. He was treated at the offices of Dr. Henry S. Reid.

Air Show Airport Sunday

Under the joint auspices of the Palm Springs and Los Angeles Junior Chamber of Commerce, the village will this Sunday, Feb. 5, be the destination of an air tour and the site of a gala air show.

The day's program of events will get under way at 8:30 a. m. when the ships of members of the Los Angeles Junior Chamber of Commerce begin to arrive at the local airport. Some fifty ships and 100 passengers are expected to arrive Sunday between the hours of 8:00 and 9:00 a. m. This will constitute the air tour, as the members of the metropolitan Junior Chamber will fly down for the affair, which is an outing for them.

Upon arrival all the pilots will be the guests of the Palm Springs Junior Chamber at a cowboy breakfast at Rogers' Stables, after which they will be entertained by an informal rodeo.

Following breakfast, Jimmy Goodwin, "the bat wing man," will make a "man from mars" parachute jump, landing in front of Mayor Philip Boyd. Goodwin will deliver a letter

(Continued on Last Page)

2 Successive Hole-in-Ones By Localite

Something absolutely unheard of before in the annals of golf was accomplished in Palm Springs last week by Fred Barrett, owner and pro of the Agawam Golf Links at El Mirador Hotel.

Playing in a foursome on the Agawam course, Barrett made two hole-in-ones in succession and a deuce on the third—a total of four shots to complete three successive holes.

Although the Agawam is a mashie-type course, the holes are still approximately 60 yards apart, making Barrett's feat an astounding one.

If traditional superstitions are true, Palm Springs is going to experience still more winter weather this season; for Old Man Ground Hog saw his shadow very plainly when he crawled out of his hole Thursday to look around.

According to the tradition of Ground Hog Day, each year on February 2nd the ground hog (woodchuck) emerges from his winter hibernation, and, if he sees his shadow, retreats into his hole—an indication of six weeks more of winter weather.

Anyway, no matter what is in store for Palm Springs for the remainder of the season in the way of weather, this season to date has been unusually damp.

Rainfall
Season of date 4.87
Storm ending Jan. 3012
Total for January 1.51
Average season total 3.22

Proving that the ancient superstition of Ground Hog Day is not altogether false, another storm moved in on Riverside county today, bringing wintery snow to Beaumont and Banning—only a few miles from Palm Springs. At 9:30 this morning it began to rain in the village, and by 1:00 a. m. the rain was a downpour here. By noon it was snowing right in Palm Springs.

At Banning, 25 miles from Palm Springs, snow was six inches deep at noon today.

The Palm Springs Procession

EL MIRADOR GUESTS HOLD STEAK FRY IN CHINO CANYON

Steak fries may come and they may go, but the last one enjoyed by El Mirador guests in Chino canyon will long be remembered as one of top-notch calibre. Cocktails were served from an improvised bar upon arrival of two truckloads of hay riders. An immense campfire was crackling and popping to warm a few cold shins. Soon the come-and-get-it cry was heard and before one could bat an eye a long line of hay riders were found receiving a luscious sizzling steak, cooked to one's individual taste. The spaghetti was good, too, but man-alive! what a steak. It is quite obvious by now that your reporter wants a charter membership in El Mirador's "Steak Fry Club."

Next came entertainment around the campfire with regular cowboy songsters yodeling their popular and favorite ditties, but the most laugh provoking fun came from guests who were called on unaware by Dutch Smith, master of ceremonies, who had been tipped off by someone that certain financiers and tycoons had something "up their sleeve" to offer on such occasions. Insurance executive, John Hauschild, led the group in an amusing song of his own composition, more or less. Barbara Brooks came through with some kind of a rhyme about a petunia. Mr. Pinney and Tony Burke sang and acted a specialty "Blood on the Saddle," and Miss Virginia Smith sang with Al Garr, N. B. C. singing artist. The party ended with another round of drinks and some right smart whip-cracking by Bill Lewin. The entire group of hay riders mounted their trucks and soon found themselves at Rogers' Stables to top off the evening with some mighty fine dancing to the toe-tapping tunes of Daryl Harper's El Mirador orchestra.

EL MIRADOR GUESTS FROM ALL PARTS U. S. A. AND CANADA

Angelenos visiting El Mirador this week include Mr. and Mrs. Frank R. Wood, Mr. and Mrs. Felix Chappallet and children, Mr. and Mrs. Harry Dudley, Nettie Dudley and Mrs. P. J. Lehnhard, Captain and Mrs. Walter Boss, and Mr. and Mrs. W. W. Keith, and from Pasadena came the Harry Obre family.

Oregonians include Mr. and Mrs. T. H. Banfield and daughter, Harriett, Mr. and Mrs. L. R. Teeple with daughter Mary Anne, and L. R. Teeple, Jr., Mr. and Mrs. Harry A. Green whose daughter and son-in-law, the Charles Barkers are here from Portland to visit. Also Mr. H. K. Brooks and daughter, Barbara, and Mr. Louis H. Weber.

From Greenwich, Connecticut, came the popular Mr. and Mrs. A. S. Henry and daughter, Virginia.

The eminent Raymond Lowey who designs anything from steamships to nutcrackers in the modern streamline motive, with his pretty wife, are having a wonderful time just resting and relaxing from the busy tension of New York City. Mr. John Whitcomb, Daren, Connecticut, prominent among illustrators of popular magazine serial and short stories has arrived for an indefinite stay.

Other Eastern and middle West visitors at El Mirador include Mr. and Mrs. Allen T. West, St. Louis; Miss Schowe with Mrs. Costello, Cincinnati; Mrs. Helen Frompton Black, St. Louis; Mrs. Walter W. White, Englewood, New Jersey; Mr. and Mrs. John F. Pierson, Kansas City; and Mr. and Mrs. De Sales Harrison, Atlanta, Georgia.

From Vancouver, B. C. came Sam D. Brooks and daughter, Greta Ann to vacation with his brothers, H. K. Brooks, Edward Brooks and their families.

FASHION NEWSREEL FILMED AT DESERT INN

A fashion newsreel, taken with colored film, was shot last week-end at Desert Inn. Among the many attractive garments modeled were play clothes, slacks, shorts, bathing suits and smart accessories for these resort fashions. A varied group of manufacturers were among those represented by the models, including the firms of Marjorie Montgomery, Jean Carol, Desmond's and Bullock's. The newsreels will be distributed through several film companies and will soon be shown at local theatres.

The nighthawk is said to migrate from the Yukon to Argentina, distance of 7,000 miles.

ROY RANDOLPH OPENS DESERT INN DANCE STUDIO

The well known dance instructor, Roy Randolph, has opened the Desert Inn Dance Studio for the season. After coming to Palm Springs, from his Hollywood Studio, for the last three years Mr. Randolph has decided to close his place in town and concentrate his activities in Palm Springs during the future.

His Desert Inn studio has received the finishing touches of carpenters and painters and classes have already begun to receive instruction. The studio will be open daily with special classes for children on Tuesday and Thursday afternoons.

Many Palm Springs prominent and Hollywood notables have enrolled at the studio for the adult rumba, waltz and foxtrot club resulting in the Monday night club being completely filled. The Tuesday night club is now being formed.

Prominent persons who have availed themselves of Mr. Randolph's expert tutoring in fancy dance steps are: Joan Blondell, Mickey Rooney, Jackie Cooper, Martha Raye, and the Twenty Little Working Girls. Visitors to Palm Springs who have dropped in to see Mr. Randolph and wish him success are: Mr. and Mrs. Jessie Lasky, Mr. and Mrs. Wm. Gargan, Mr. and Mrs. Pullman Lauden and Mrs. Wallace Beery.

MOVIE PEOPLE SEEN RECENTLY AT DEL TAHQUITZ

Among the many well known people noticed in the Saddle Bar X at the Hotel del Tahquitz recently listening to "La Miller" were Mrs. Isabel Hopkins, owner of the Casa de Manana in La Jolla with a guest, Mrs. Constance Eichelberger of Tacoma, Washington, and Mrs. Beth Ferguson of the La Jolla Beach Club.

Saw Richard Mack and Edgar Bergen talking to Miss Miller too; they used to write for Bergen and she was talking over old times.

Recent honeymooners here were Mr. and Mrs. H. Schumliam, he a well known jeweler in San Francisco.

Among the movie folk registered here are Louis Hayward, prominent young English star and husband of Ida Lupino. Mr. Hayward is down for a much needed vacation and expects Miss Lupino to join him as soon as her work permits.

AMATEUR CHAMPION FROM UTAH AT INN ENJOY GOLF

Utah State's amateur golf champion, Walter Cosgriff, recently arrived at the Desert Inn to join his mother, Mrs. J. E. Cosgriff; his wife, Mrs. Walter Cosgriff, and his sister, Miss Marian Cosgriff, who have been guests at the Inn for the last six weeks.

Mr. Cosgriff quickly found his way to the Desert Golf Course where he handed in some low scores which place his well along with the nation's who's who in amateur golf-dom. Miss Marian Cosgriff has learned many new tennis angles from May Sutton Bundy, Desert Inn's new tennis professional.

These charming young people from Salt Lake City have been welcomed into the inner circles of the younger set of Palm Springs.

DON WILKIE AND WIFE AT PALM SPRINGS HOTEL

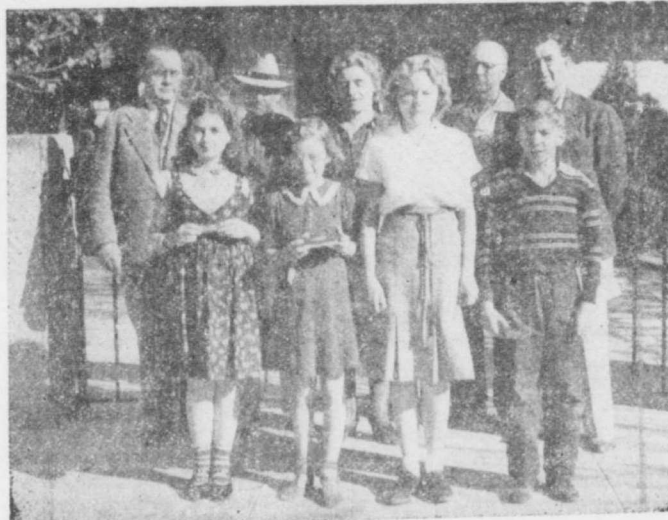

Guests arriving this week at the Palm Springs Hotel included Mr. and Mrs. Don Wilkie of Laguna Beach. Mr. Wilkie is well known for his detective story radio programs.

From distant shores are Mr. and Mrs. F. Biddington of Cobham Savoy, England, and Mr. and Mrs. H. Samek and party from London, England, and Miss Virginia Dean of Honolulu.

Also registered recently were Mr. and Mrs. E. M. Birssoll, who are interested in contracting in Rapid City, South Dakota, and who were visiting Palm Springs with Mr. and Mrs. R. C. Lashley of Los Angeles.

Arriving to spend the season in Palm Springs were Mrs. George Bormann and her charming and beautiful daughter, Miss Georgia Bormann. Georgia has enrolled in the Palm Springs High School for the rest of the year. The Bormanns are well known in Oakland, where Mr. Bormann is president of the Bormann Steel Mills. Another daughter, Vivian, is now attending Stanford University. While here, Mrs. Bormann and Georgia are guests of the Palm Springs Hotel.

Promote Safety

Above in the front row are the winners of the Lions Club Safety Essay Contest, holding the prizes presented to them by that organization. The contest at the grammar school closed about two weeks ago.

Wednesday afternoon of last week several members of the local Lions den met at the Frances Stevens school for the presentation of three prizes.

Front row, left to right: Theodora Richmond, second prize in intermediate division; Leona Jenner, first prize in intermediate division; Helen Louise Williams, second prize in junior division; and Bob Morrison, first prize in junior division.

Back row, left to right: President Francis Crocker of the Lions Club; and Raymond Cree, Principal Katherine Finchy, W. R. Hillery, and George Oliver, judges of the essay contest. Mr. Oliver is chairman of the Lions Club safety committee and was in charge of the contest.—Frank Partridge Photo.

INN'S DINNER DANCES VERY POPULAR

With the opening of the Desert Inn dance studio by the well known maestro of the dance, Roy Randolph, the Inn's Saturday night dinner-dance is fast becoming a social rendezvous for those who wish to enjoy a superb dinner and dance to the music of Uzia Bermani and his orchestra.

Dorothy (Dodo) Bundy added to her fast growing number of friends in the Palm Springs younger set, when she was Desert Inn's junior hostess to a group of diners, who greatly added to the gaiety of last Saturday's affair.

Mr. and Mrs. Walter Cosgriff entertained in the cocktail lounge before dinner. The guests were: Mr. and Mrs. Irving Snyder, Miss Marian Cosgriff, Mr. and Mrs. Walter Cosgriff, Miss Blanche Denslow, Jack Stark, Jack Shannon and Miss Dorothy Bundy.

TENNIS EXHIBITION ON INN COURT SUNDAY MORNING

At eleven o'clock on Sunday morning, there will be a tennis exhibition on the Desert Inn court with May Sutton Bundy and Elmer Griffin vs. Dorothy Bundy and Gilbert Roland. Tennis lovers are invited to watch the match.

The British Museum has acquired a collection of more than 14,000 ferns, said to be the most important private collection of these plants.

• You can't beat the work done by these two home-owned firms for genuine quality and service.

... and their modern plants are located right here in Palm Springs ... employing local labor.

BROWSING AROUND

WITH THE ROVING REPORTER

Seeing the New and Unique in Our Palm Springs Shops

The beautiful Dorothy C. Thorpe glassware which is featured by that smart shop, Clara Porter Ltd., in El Mirador Hotel is something you should not miss. On display now is a complete set of crystal with Sterling silver bands, individually designed and made on order at a very modest cost.

Original colored drawings by Jack Church, in the Mexican motif which is so appropriate for desert homes, can be found at THRIFTY'S.

If you're looking for a western outfit (ladies, we mean!) you'd better see those smart suede two-piece suits at I. MAGNIN'S SHOP in El Mirador; and once you're into one you'll want to run right out to TRAVIS ROGERS' STABLES. These outfits are in various colors of suede, with smartly cut culottes and short boleros, trimmed in a contrasting color. We like especially their white suede outfit, with a black-diamond trim on the hemline of the culottes and the bolero. (Can hardly wait until the Desert Circus, on March 17th, then we'll show 'em!) And I. MAGNIN also have bright satin shirts to wear with your suit, plus all the cowgirl fixins.

At INDIANOYA, Indian Trading Post, they are showing a decorative figure of a burro made of Italian pottery, imported to this country by Carbone of Boston. The burro is carrying pack baskets on its sides.

Our vote for the cleverest Valentine in town goes to the "Talking Valentine" in the THRIFTY Store. The valentine itself is made of cardboard, but the amazing feature of the card is that with one simple motion you make the valentine "talk." It says "Hello Sweetheart" in almost any tone and at any rate of speed or inflection that you wish! Really! If you don't believe us, see for yourself! And while you're there, take a look at the Charlie Mc-

Carthy picture, which also talks. In fact it declares in sure tones "Til Mow You Down."

The PLAZA PHARMACY is now carrying a complete line of wines and liquors.

A clever rock-cutting machine, a George S. Johns gem-cutter, is now carried at the BLACK TENT. When you visit this interesting establishment, which is located on Palm Canyon drive at the Indian turn-off, ask Bob Tibbets to show you how the rock-cutter works. He is the only person in Palm Springs with a machine that can cut and polish stones. The machine turns the most ordinary sort of stone picked up off the desert into a "get stone." The machine is small enough to be used in a home, and it is the first machine on the Pacific coast that can boast of this feature. It is small and compact and provides an interesting means for a hobby for those interested in collecting stones from the desert.

ATTEND MEETING COUNCIL OF WOMEN

Mrs. Nellie Coffman, Mrs. Alvah Hicks and Mrs. Goodrich attended the February meeting of the Riverside Deanery Council of Catholic Women held Monday in Indio because of the dedication by Bishop Buddy of a chapel on the Torres-Martinez reservation, Bishop Buddy being the guest speaker at the luncheon which was held at the Indio Woman's Club.

INJURED IN AUTO ACCIDENT

L. C. Davis of Los Angeles was injured Saturday night in an automobile accident. He was taken to the offices of Dr. Henry S. Reid. Here an X-ray showed a fracture of the right arm. He was treated for this and for many bruises.

Birthday Ball Huge Success; \$312.50 Raised

The President's Ball at the Racquet Club was considered a huge success from every angle. The large crowd in attendance judged it to be one of the best parties of the season. The total amount raised for charity was \$312.50, of which over \$200 went to the local playground fund and the remaining \$100 to the National Infantile Paralysis Fund.

This is the second year that Charles Farrell has had the responsibility of putting on this affair and is deserving a great deal of gratitude for his interest in charity work in Palm Springs.

The entertainment for the evening started off with a bang with ever so many added attractions. George White and Will Hays have remarked that the show was better than they had seen for a long time. Frackson, the magician, led the show with the most amazing series of tricks ever presented by a magician. Verne Dale, a very cute package sang two numbers and John Tio, the world's most clever parrot, with his stooge, Frances, did an act which was really outstanding. The parrot did so many spectacular things such as imitating Bing Crosby, Snodgrass, a crying baby, a cat, a dog, and several others. That's not all the parrot did. It also whistled, "In a Little Spanish Town."

Ben Trommer, a clever mimic, gave imitations of several personalities including President Roosevelt.

Tom Lipps, who had received the appointment as chairman of the ball, gave a short talk, thanking Charles Farrell for taking over the responsibility connected with the ball. Next Mr. Farrell gave a short talk and introduced Mrs. James Guthrie who was in charge of the ticket sales. Mrs. Guthrie was congratulated on her fine work and much of the success of the ball was certainly due to her.

Enjoying this splendid party with the Farrells were: the James Guthries, the Phil Boyds, the Warren Pinneys, Tony Burke, Bob Minard, Frances Sheldon, Jane and Gilbert De Knyff.

With the Dan Toppings were the Paul Lukas, the Darkoniches and Jack Judge. With the Leslie Chart-erises were Harry Batchelor and Lola Hotaling. At Col. R. Henry Hoaglands table were the Henry Wicks, the Carl Lykkens, and Ada Batch.

With the Robert Ransoms were Mr. and Mrs. Will Hayes, the James Clunes, the Irving Snyders, Dr. Russell Gray, the Frank Woods, Lucille Liemert, Verbena Hebbard, the Herman Cornells, the Eric Hausers and Fred Holmes.

Others of note were the Tom Lipps, the Jerry Powells, the Bill Henrys and the Ted Wilcoxes.

With Mr. and Mrs. Travis Rogers were Stewart Hopps and Helen Lindsay.

Mr. Abbott is the very popular cowboy host at the Desert Inn with which he has been associated for a number of years.

Shannon Reports Florida and Gulf Not Flourishing

Councilman Frank V. Shannon and his wife, have just returned from a trip to Florida, having been away since before Christmas. They spent several days in Banning visiting with their old friends, Councilman Guy T. Woodworth and Mrs. Woodworth at Hotel Banning, before returning to Palm Springs where they own and operate the Vaughn Arms.

A very sorry picture of conditions in Florida, Southern California's competitor for the rich and near rich, who travel away from the cold north during the winter season, is given to this paper by Mr. Shannon. He and Mrs. Shannon stopped first at New Orleans, but found the weather too cold, and continued on to Florida. During their stay in Florida, they enjoyed only a few clear days and one day they traveled through fog so thick they were afraid to go more than eight miles an hour.

Christmas Eve was spent in one of the large hotels in St. Petersburg, Florida. Seven rooms in the hotel were rented and they were occupied by eleven guests. The same condition exists through the entire state and along the Gulf coast.

We meet competitive prices. Desert Fuel Service, the pioneer wood-yard. Phone 5164.

"BASE-BAWLING"

By Jimmy, The Barber

Folks, it sure is your loss, if you are missing the real thrills and close plays, competitive arguments, and all that goes to make up that most interesting of all games, baseball, which for your information is being played every Sunday afternoon in our charming village.

Last Sunday's two games were no exceptions to past performances, when those 'hard to stop' Smoke Tree Broncos set the Colonial House Colonels down for the second Sunday in a well played game on the Desert Inn diamond.

Added to the always interesting play, was the person of one Buster Keaton performing like a veteran at third base for the Colonels. I may add that Buster at one time was some shucks as a ball player. I was honored the privilege, a few years back, of umpiring a game in which Buster starred at third base in a game played against the Chicago Cubs at Catalina Island. Although slowed a little, he still has that same fighting spirit that has always predominated in his make-up. In the pitchers box for the Colonels can be found Abe Roth, outstanding fight referee of California, doing a masterly job of checking, assisted by his ever popular brother, Henry, behind the plate. Believe me this kid battery looked like the money. Henry is the manager of the famous Key Club at the Colonial House.

They're off again, those Smoke Tree Broncos. It seems they won't be beat, as they still showed rare form in the second game in downing the fighting caddies in a game that went extra innings, but let it be said it was a thriller.

Milt Hicks, pitching for Smoke Tree, barely edged out a win in this game as the Caddies, not up to their full strength, played their best game of the season. Cruz had to be relieved in the early part of the game due to a strained muscle in his pitching arm. Le Roy, as a replacement, was the boy that kept everybody on edge with his slants and curves and with a timely hit on his team mates' part could have easily won this game in his first start as a pitcher. King, a new player for the Caddies, was outstanding in left field where he handled many a hard chance. Every game sees Alex at second, performing like one inspired. Space does not permit me to go on and tell the fine sportsmanship and competitive spirit which prevailed among all the players in these games.

Play for next Sunday's two games shifts to the Smoke Tree diamond where Bob Forbman, manager, holds forth. Bob tells me the diamond will be in well shape for these games. So come on out folks and get an afternoon of real thrills and exhilarating atmosphere as home plate gets right in the middle of the corral where Bramha steers and calves hold forth and any minute may see one jump right out of the chutes with some fair lady astride or otherwise. To add to a very interesting afternoon the hospitality of Smoke Tree is extended to everyone. Will be seeing you. Time: Sunday, 2 p. m. Place: Smoke Tree Ranch.

Bathrooms should be decorated in light colors but not necessarily, in white. With a tiled floor and white tiled wainscoting, tint, paper or paint the walls in pale pink, blue or green.

Therieu Wins Court Victory

Attorney Eugene E. Therieu won a victory in Judge Albert R. Hoffman's court early this week representing the Palm Springs Builders Supply Company in its case against the Beverly Tile, Inc., of Beverly Hills.

The local concern, it is reported, had obtained a judgment against the Beverly Hills firm and were attempting to collect. The hearing here this week was on a levy of execution.

D. W. I. Driver Pays \$200 Fine; Wife Pays \$50

John H. Mays of Pasadena was arrested Monday by an officer of the State Highway Patrol. He was charged with driving while intoxicated and was fined \$200 by the justice court.

His wife, Geraldine Mays, was fined \$50 and was charged with disturbing the peace. Upon her husband's arrest she refused to go home, but insisted upon being placed in jail with her husband. With her appearance in court she pleaded guilty to the charges.

Thirty-eight 4-H club boys in Ireland county, North Carolina, averaged 508 pounds of lint cotton per acre on 59 acres in 1938.

In Ireland, strawberries grow on trees. The tree is not related to the true strawberry, however, and the fruit is not delectable.

Desert Scenes By Abbott On Display

A display of desert scenes taken by Chuck Abbott, well known local amateur photographer whose pictures have so often been used to improve the pages of the Desert Sun, will be held at the gallery of Gilbert Morgan on Sunset Boulevard in Los Angeles in about two weeks. Considerable publicity always accompanies an exhibit at Morgan's and many who have not made the trip to the desert may become interested in it through the fine pictures Mr. Abbott has made. At least they will learn that there is much of beauty on the desert. Paul Dorsey's exhibit of Chinese and Japanese war pictures are now being shown. The desert shots will go in after Dorsey's.

Mr. Abbott's photographs have been used extensively to advertise Palm Springs and the surrounding desert. The front page of the next Pictorial California will be one of his pictures. The last issue of Saturday Night carried two pages of Palm Springs desert and publicity shorts made by Mr. Abbott. The large "Palm Springs Sports Events" printed for the Southern Pacific had his pictures displayed on it, and the Santa Fe's 1939 winter excursion booklet used one of his Andreas picnic pictures on the cover page.

Mr. Abbott, in informing the Sun about the exhibit modestly stated: "I am telling you this because I am pleased to see results favorable to Palm Springs coming from my efforts, which I still consider to be of an amateurish standing—maybe, if I keep on trying, I'll be able to get something really good—something that will carry the story of the desert to the millions who have not yet seen our smoke trees or wild flowers."

Local Safeway Men To Attend Annual S.E.A. Election Party

Manager Joe Butler of the local Safeway market and his staff of employees and their wives will trek to Riverside on the night of Tuesday, February 7, the occasion being the Annual Election Party of the Safeway Employees Association.

The affair will be a dinner dance in the American Legion Club house in Fairmount Park at the county seat and is slated to get underway at 7:30 p. m.

A special guest that evening will be National Vice-president Farley of the Safeway Employees Association.

Building Permits Taken Out for Four Dwellings

Four building permits were issued this week. The largest was for \$5000 for the construction of a new dwelling and garage on Via Salida in Palm Highlands for Robert Ransom. The contractor is R. H. McDill of Indio.

Other permits were one to F. G. Lockner, for a six-room dwelling and garage on Via Del Sol in Chino Mesa No. 2, \$4,000, J. E. Peters of Glendale is the contractor; Dr. R. H. Hetrick of Los Angeles, three-room dwelling and garage on Palos Verdes Avenue in Palos Verdes No. 2, \$3,000, R. S. Pickard, contractor. Mrs. Ella Pindle took out a permit to move a dwelling from the Indian reservation to Araby Tract, \$225, R. H. McDill of Indio, contractor.

Louise Jenner, daughter of Mr. and Mrs. A. J. Jenner of the local Studebaker Sales and Service, is spending two weeks here with her parents. Miss Jenner is a student at U. C. L. A., and the occasion is the between semesters vacation.

THE DESERT

(Continued From Page One)

this hybrid produce plants of many variances, no two being alike.

Among Mr. Martins' oddities are two trees, one of about one foot in height, the other about ten feet in height. The seeds from which the two grew were from the same parent tree and were planted under similar conditions. Another oddity is his thornless palo verde. In Palm Springs there is a thornless palo verde tree. Mr. Martins grafted a twig of this tree on the trunk of a small palo verde and now has a thornless palo verde of his own.

Mr. Martins is on the way to having a new beautiful rose named in his honor. He transplanted a wild rose bush and from the bush a matant sprang. For some unaccountable reason a plant will sometimes put forth from a bud a branch which will bear flowers of a distinctive nature, unlike the flowers of the parent plant. It is thus that new varieties are born. This is not a common occurrence and is watched for by plant breeders as there may appear a new and popular variety of well known plants. The "Martins Rose" seems to have qualities to be well received.

Last Friday I saw my first yellow chuparos blossom. I had never heard of a yellow chuparos but Mr. and Mrs. Kanaga brought some into the Museum. As you will recall, the chuparos blossom is scarlet and it was a distinct surprise to hear of a bush bearing yellow flowers.

Commission Makes Study of Zoning Ordinance

The adoption of a general zoning ordinance for the county, upon which an explicit arrangement for controlling development in the unincorporated area surrounding Palm Springs could be based, was discussed by the county planning commission this week.

According to Warren Pinney, attorney representing a Palm Springs group which is seeking the zoning of an area comprising 142 square miles surrounding the resort, the commission need not adopt a "master plan" of the county in order to proceed with the adoption of an ordinance to accomplish the desired restrictions.

Doubt whether it would be advisable to proceed without first adopting a "master plan," general thought it might be, was expressed by Jack A. Ross, county recorder and chairman of the commission.

Another factor which induces the commission to "go slow" on the ordinance proposal is the matter of enforcement, it was pointed out. In San Mateo county, where zoning has been authorized, the position of county building inspector has been created to enforce the law, Pinney said.

The local group seeks the zoning law in order to restrict haphazard "shoeleather" commercial development extending along the highways leading to the resort. The commission is giving further study to the proposition.

The commission recommended the addition of three and one-half miles of roads in Santa Carmelita tract, La Quinta, into the county highway system.

Two Local People Are Listed Among Prospective Jurors

Mr. Zaddie Bunker and Harold J. Hicks of this city were among the list of prospective grand jurors drawn last week before Judge G. R. Freeman at Riverside. Seventy Riverside county citizens were named in the superior court minutes after being drawn before Judge Freeman.

The names have been placed in the grand jury box under the care of County Clerk Gordon A. Pequegnat, pending the formal selection proceedings after the present grand jury has been discharged at the close of the year.

The names of 200 persons to serve as trial jurors during the coming year were also drawn before Judge Freeman. From this list will be selected the quarterly regular venire and such special panels as required.

Community Church Annual Drive For Funds Starts

The annual drive for funds for the Community Church will begin Sunday, with Joe Henderson and Bill Marvin heading the committee. Preliminary letters have been sent to the people in Palm Springs and a large number of solicitors will call upon the residents and guests of the city next week for subscriptions.

The committee hopes to finish its work in one week. The goal for the drive has been set at \$4,000. This sum provides operating expenses for the church and various benevolences to which it contributes from year to year.

Dr. John Robertson Macartney, pastor of the Community Church, states that the residents and visitors in Palm Springs have been very generous in contributing to the support of the church. A detailed budget is in the hands of the solicitors, for those interested in a report of the activities of the church during the year.

Henry Wick is heading the committee which is assisting the general chairman. Trustees of the church include Mr. Wick, president; C. S. Henderson, treasurer; Theodore Zschokke, secretary; Katherine Finchy, Mrs. Jack Hill, Miss Maud McQuillan, Gordon Nicholson and John Sprague.

OUR LADY OF SOLITUDE Catholic Church

Rev. Michael O'Connor, Pastor
Schedule of Masses for Sundays:
6:30—8:00—10:30 a. m.

Weekday Mass: 7:30 a. m.
Confessions will be heard on Saturday from 4 to 6 and 7 to 9 in the evening. Also Sunday morning before all Masses.

The Altar Society meets the last Monday of every month at the Parish Rectory, 3:30 p. m.

CHRISTIAN SCIENCE CHURCHES

"Where the Spirit of the Lord is, there is liberty." This verse from Paul's second epistle to the Corinthians is the Golden Text in the Lesson-Sermon on "Spirit" on Sunday in all Churches of Christ, Scientist.

A Scriptural selection includes these words of the Psalmist: "O LORD, thou hast searched me, and known me. . . Whither shall I go from thy spirit? or whither shall I flee from thy presence? . . . If I take the wings of the morning, and dwell in the uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me. If I say, Surely the darkness shall cover me; even the night shall be light about me. Yea, the darkness hideth not from thee; but the night shines as the day; the darkness and the light are both alike to thee. . . How precious also are thy thoughts unto me, O God! How great is the sum of them! If I should count them, they are more in number than the sand: when I awake, I am still with thee."

The Lesson-Sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is everywhere, and nothing apart from Him is present or has power."

NOTICE OF NON-RESPONSIBILITY

To Whom It May Concern: I, the undersigned, hereby announce that on and after today (Feb. 1, 1939), I will not be responsible for any debts contracted by any person other than myself; or by Helen M. Moss, my wife; or by the firm of Moss Brothers Chevrolet Company.

Dated, Palm Springs, California, February 1, 1939.

(Signed) C. A. MOSS.

NOTICE
MARY DREIFUS, Plaintiff,
vs.
DONALD FREDERICK MARX, also known as Donald Marx, Defendant.
SUPERIOR COURT
No. 405662

SHERIFF'S SALE ON EXECUTION UNDER AND BY VIRTUE OF A ALIAS WRIT OF EXECUTION, issued out of the Superior Court of the County of Los Angeles, State of California, dated the 9th day of December A. D. 1938, in the above entitled action, (and directed to the Sheriff of the County of Riverside, State of California,) wherein MARY DREIFUS, the above named plaintiff, obtained a judgment in the Superior Court of the County of Los Angeles, State of California, against DONALD FREDERICK MARX, also known as Donald Marx, the above named defendant, on the 25th day of April, 1938, for the sum of ONE THOUSAND SEVEN FIFTY-EIGHT AND 96/100 dollars, and costs and counsel fees amounting to — dollars, I have this day attached and levied upon all right, title and interest and estate of the above named defendant, DONALD FREDERICK MARX, also known as Donald Marx, of, in and to the following described real property, situated, lying and being in the county of Riverside, State of California, and more particularly described as follows, to-wit:

Lot 4 in Block 2 of Winterhaven Manor No. 2, as shown by Map on file in Book 18, Page 57 of Maps, Riverside County Records, State of California.

PUBLIC NOTICE IS HEREBY GIVEN, That I will, on Saturday the 4th day of March, A. D. 1939, at 11:00 o'clock A. M. of that day, in front of the Sheriff's office on Orange Street in the City of Riverside, sell at public auction, for Lawful Money of the United States, all the right, title, claim and interest of said defendant, DONALD FREDERICK MARX, also known as Donald Marx, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment with interest and costs, etc., to the highest and best bidder.

Dated this 28th day of January, 1939.
C. P. RAYBURN,
Sheriff of Riverside County.

DANCE TOMORROW NIGHT, CACTUS JUMPERS JAMBOREE SATURDAY, FEB. 18

The dance to be given Saturday night, February 4, with Buddie's Midnight Ramblers furnishing the music, is just a warming up at the Town Hall for the big time frolic to be held from noon to midnight, Feb. 18th. This will be the Castus Jumpers Jamboree—an annual benefit and 12 hours of fun.

Booths are planned and material is assembled for a real desert carnival—plenty of games for those who love gaming—things to eat—things to wear—free entertainment, dancing, and awarding of a beautiful new electric range or refrigerator. The public is invited to stay all day or come and go as it suits them. Tickets can be had from any one of several on the committees that are working for the success of this Town Hall benefit.

CATHEDRAL CITY REPRESENTED ON BOY SCOUT COMMITTEE

In the recent formation of a new district of Boy Scout activity which consists of this upper end of Coachella Valley, this village is represented on two of the committees. On that of organization headed by Rev. John Robertson Macartney is W. R. Hillery, and on the committee on advancement, of which Rev. Father O'Connor is chairman, are W. R. Hillery and C. S. Cobb. Local interest should result in a Cub den, a troop or a patrol. Volunteers are invited.

CHAMBER BOARD TO MEET TUESDAY

The regular monthly meeting of the Board of Directors of the Chamber of Commerce will meet at 7:30 p. m. on Tuesday. It will be the last regular meeting before the "Cactus Jumpers Jamboree" is "pulled off."

The annual meeting of the members and election of directors will be on Monday, February 20.

Every resident of the village is invited to the directors meetings irrespective of membership in the Chamber.

"DEVIE WHIRL" RAISES ROOF

It is quite a common sight to see the miniature tornadoes or "devie Whirls" that stagger about the desert in such uncertain routes and pick up little besides weeds and waste paper to whirl up into the air, but one of overgrown strength wandered through the village near noon on Tuesday. It picked up the usual sand and papers until it entered the Desert Lumber Co. yard when it proceeded to lift a high roof off an open shed rack and deposit it some eight feet away. Another block away it pulled some drying clothes from a line, then wandered on out into the desert.

Walter Kirschner, prominent merchant and manufacturer of Los Angeles, has taken the Watterson house for the season.

Mrs. Kenneth Walsh of Los Angeles is vacationing here with her young daughter, Nonie.

Elmer Hearn, who has been a resident here for several years is the proud possessor of a new car. Elmer who is depended on to drive the fire truck to fires will be torn between duty and desire when a fire alarm sounds but the new car can't replace the Ford to fight fires.

Cathedral City News

WOMAN'S CLUB

The Cathedral City Woman's Club met Wednesday. After a business meeting, refreshments were served. Hostesses for the afternoon were Mrs. Dyda Wheeler, Mrs. Muriel Van Camp, Mrs. Juanita Tennis and Mrs. Francis Fitch.

It was decided that the Feb. 8 meeting would be omitted, as at that time the members of the Cathedral City Club will meet with the Coachella Valley Woman's Club in the latter community. All are asked to accept this gracious invitation that the club has extended to Cathedral City club members.

The executive board of the Cathedral City Woman's Club met Monday evening in the home of Mrs. E. H. McMickle. The group announces that a card party will be held by the club on the last Wednesday of every month. The party will be open to all guests in the community.

AT CASA REPOSA

Guests at Casa Reposa during the week included Mr. and Mrs. Elgin Logsdon and son of Los Angeles; Mr. and Mrs. William Dary of Long Beach; Mrs. S. Daisdale of Detroit, Mich.; Mr. and Mrs. William T. Long of Hollywood; and Mr. and Mrs. Charles H. Mounce and their daughters, Sharon and Myrna Dawn of Englewood Heights.

Mr. and Mrs. Leo Green and Mr. Green's sister, Mrs. B. Lewis, of the Los Angeles and Hollywood Art Shops, are vacationing at the Desert View Cottages in Cathedral City.

Mrs. Clara Chatfield Ott, Detroit, is visiting at the home of F. E. Springer. Mrs. Ott is national president of all Spanish-American War Nurses Association of U. S. A. and Philippine Islands.

The newly elected officers of the Community church will meet Friday, Feb. 10 at 7:30 o'clock in Casa Reposa.

CATHEDRAL CITY SHORTS

Mrs. F. Keogh, Mrs. A. Riley, Mrs. A. Ramburg and Mrs. E. H. McMickle spent the day in Banning today.

Miss Sue Fayles of Long Beach is visiting with Miss Dorothy Laas.

Mrs. Winifred Musselman will have charge of the Red Cross drive for membership in Cathedral City. Lydia Engh is assisting her.

Mr. A. Fitch, proprietor of the Cathedral Grocery has fully recovered from his recent accident and is able to be in the store to welcome his friends.

Mrs. Olivia Irwin of Beverly Hills is visiting Miss Lydia Engh.

Mrs. Joseph E. Boda of Dixon, Illinois, is stopping at Solheim in Cathedral City. Mrs. Boda is spending the winter here with her brother, H. L. Stuebing and wife.

Mr. Fred Ritter of Los Angeles assisted Dr. John Robertson Macartney with the services Sunday evening at Cathedral City.

Mrs. Alice C. Cove of Los Angeles left yesterday after a delightful stay at the home of Mrs. C. A. Holmquist of Cathedral City and Pomona.

Mrs. O. D. Wenger has left for Los Angeles to be with her daughter who underwent a serious operation.

DIS-INCORPORATION

Editor, Desert Sun
Palm Springs, Calif.
Dear Sir:

This is my first and probably my last letter to the paper, but I was just asked by a restaurant man what I thought of "de-incorporation," and never having heard of the word before, I asked for an explanation of it, and was told that a group had approached him with a petition to dissolve our corporate city of Palm Springs.

"Well, Pard," said I, (rodeo talk) "When I wuz livin' in the Ozarks, dey took me down to town, and put shoes on me. They sure hurt, an' I wuz a'gin 'em. But after a while ah got used to 'em, and dey quit hurtin', and dang it ef ah don't believe ah wuz better off. Then when ha fust come out west, dey wuz a talkin' 'bout law and order. Ah wuz a'gin it, but ah do believe it's better even ef it wuz forced on me. And thet's jest what's aillin' these hyar desert folk. Jest 'cause dey cain't park out in front of your corral for a week without bein' asked to move on, or jest 'cause dey think dey'd make better City Dads than de ones we got, why dey's a'gin it. Me, ah kind o' likes it, seein' as how ah got used to wearin' shoes and everything."

"Thanks," says he, "I just wanted to get your opinion on it." I paid my check, and on the way out, I was thinking of the Council meetings I had attended, and how this group had worked for the future of Palm Springs. Then, I was darned sure that politics is a thankless job, and that I did not want to ever be a part of them.

Would You?

Huge Throng Sees 3rd Annual Palm Springs Rodeo; World's Bulldogging Record Broken

Probably in excess of 3,000 thrilled spectators attended this year's "rip snortin'" version of the Palm Springs Annual Rodeo during one or the other of the two performances last week-end; and 1,500 were amazed by the outstanding bulldogging of Oral Zumwalt Saturday, when he smashed the world's record in that event in the unbelievable time of 2½ seconds flat.

Truck-Auto Accident Kills Caddy

Joseph Barr, 45, of Palm Springs, was instantly killed last Friday, Jan. 27, on Highway 101 near Solana Beach, crushed when the auto in which he was riding was struck with a terrific impact by a truck.

Lawrence Browell, 29, of Palm Springs, the asserted driver of the car, suffered a sprained back and several lacerations about the legs, arms, and head.

Barr was a passenger in the car driven by Browell. They were en route to San Diego when a heavily loaded truck, also going south and being driven by Wallace McAfee, 43, of Lemon Grove, San Diego produce firm employee, crashed into the auto from the rear, knocking it more than 300 feet across the highway, according to reports.

Although the big truck overturned, scattering its load of vegetables over the highway, McAfee was uninjured, it is said. Barr was dead when authorities arrived at the scene of the accident. His body was tangled almost inextricably in a jumbled mass of wreckage. Death was attributed to a crushed chest.

Barr's body was taken to La Jolla mortuary, and Browell was removed to Scripps hospital.

Barr and Browell, caddies at the Desert Golf Club here, were going to San Diego to seek employment in the Bing Crosby tournament at Rancho Santa Fe. Cause of the accident was not known exactly.

Attorney Eugene E. Theriault of Palm Springs is representing Browell in his claims against the Greenbaum produce firm and against Wallace McAfee, the driver of the truck.

The Cathedral City Community Church meets every Sunday evening at 8:15 in Casa Repos, two blocks south of the post office. Dr. John Robertson Macartney, pastor of the Palm Springs Community Church, will conduct the services. Miss Ruth Wood will sing a solo. The public is invited.

The parade Saturday was an enjoyable sight to the eyes of every lover of western tradition and was tops from beginning to end.

Main Event Winners

Winners in the finals at the Field Club last week-end were as follows: Calf Roping—Lyle Rude, first; Clay Carr, Buck Standefer, and Lee Simom. Cowgirl's Race—Hazel Macart of Deepwell, first; and Theta Watson of Rancho Mirage Stables, second. Bareback Riding—Fritz Truan, first; John Snyder, Chet McCarty, and the Canada Kid. Saddle Bronk Riding—Jacky Cooper, first; George Yardley, Turk Greenough, Jack Myers, and Merle Johnson. Pony Express Race—Johnny Gardiner, first; and Bill Sheppard. Bulldogging—Hugh Bennett, first; Dick Herren, Oral Zumwalt, and Joe Thompson. Brahma Bull Riding—John Schneider, first; Canada Kid, Hubert Sandall, and Jimmie Hazen.

Fine Entertainment

The entertainment and trick features of the rodeo were unusually fine. Monte Montana and his company of trick riders and trick ropers as always, was a favorite with the crowd.

A new act here this year was Johnnie Grimes and his trained Brahma bull. Grimes astounded the people in the grandstands by putting his bull through a series of stunts. At the close of his act, Grimes made his trained bull jump over an automobile.

The comedy of Jess Kell and his trained mule was tops.

World's Record Official

Zumwalt's sensational achievement was but one of the many splendid features of this colorful show.

HAVING COLD WEATHER IN FLORIDA, ACCORDING TO TELEGRAM

According to a telegram received last Friday, January 27, by the Palm Springs Chamber of Commerce, the weather in Florida at the present time is nothing to brag about. Following is the telegram:

St. Petersburg, Florida.
Chamber of Commerce,
Palm Springs, Calif.

Too cold here. What is your temperature? Want sun tanning.
E. F. PEPPER.

Fuel for every purpose. An exceptionally large stock to choose from. Desert Fuel Service. Phone

Dilworth Tells Lions About Changing Era

"I saw Tom Mooney pardoned," said Assemblyman Nelson S. Dilworth, of Hemet, in his speech before the Palm Springs Lions Club yesterday noon, at the Desert Inn. "Admission to that big show was by ticket, but I didn't get a ticket. However, when I applied for admission, I was admitted by the doorman because I happened to be a member of the State Assembly."

"The stage was all set. There were five movie cameras with sound equipment. The Governor entered amid tumultuous applause, and began his address. Cheers were heard from the outside, and the hallway. Tom Mooney entered in a path of light and was cheered loud and long while the cameras clicked."

"If there is anyone to object or to offer new evidence, let him stand forth," said the Governor. Those who would have objected did not receive tickets and could not have gotten in.

"The Governor called Mooney to the rostrum to receive his pardon and invited him to address the world over the air. The Governor was crowded to one side and remained so until he retired."

"Mooney's address featured his views on the death of the present social order and birth of a new order. Pledged his life to work for social change. The red neck tie not forgotten, Dewey Anderson applauded with unbecoming persistency."

"As we watch the parade of democracies down the suicide trail, every American has cause to be anxious. In every case where democracy and liberty have been extinguished, the democratic government was first weakened and in distress from financial difficulties. Dictators are but the receivers who take over bankrupt democracies." These were some of warnings of the assemblyman.

(CONTINUED NEXT WEEK)

Gambling Dens On Reservation Now Taboo

Anyone operating a gambling house on the Indian reservation can now be prosecuted on the charge of operating a public nuisance, according to wired instructions received by H. H. Quackenbush, Federal agent in charge of the local reservation. Federal Judge Leon Yankwich approved the action alleging gambling to be a public nuisance.

There being no Federal code against gambling, it has been difficult for the government to get convictions when alleged gambling houses were raided. Now all that is necessary in future gambling cases is to establish the fact that a gambling house is a public nuisance.

On January 21 the Indian department started action in the Federal Court to get a temporary injunction against C. S. Scheweiler and others, allegedly operating a public nuisance, the Agua Caliente Club at the corner of Andreas Road and Indian avenue. On January 27, U. S. District Attorney Benjamin Harrison received word from Attorney Clifford Thoms, representing Scheweiler, that his client had agreed to vacate the place, which ended the legal battle to stop gambling in the Agua Caliente service station.

CLYDE SHEFFIELD BUYING HORSES FOR ROGERS STABLES

Bowboy Clyde Sheffield is now in Arizona buying horses for Roger Stables from the various ranches of that state.

Travis Rogers sent Sheffield to Arizona with the instructions to purchase a carload of first-class horse flesh. Sheffield is going right to the ranches to get the horses, buying only good young animals.

Travis now has a string of 2 horses at his stable here, and he also is keeping 25 boarders.

PROPERTY SOLD FOR \$20,000

An estate of five acres fronting on Alejo Road, about a quarter of a mile east of Palm Canyon Drive, brought a cash consideration of \$20,000, according to a deed filed Thursday with County Recorder Jack A. Ross.

The property was transferred by Mabel Judson Harrison of Elm Springs to Marian Huntington and Elizabeth H. Metcalf. Located on the north side of Alejo Road, the tract is improved with a residence.

Local Police Make Many Arrests

Palm Springs police officers had a busy time last week-end and this week, alcohol being responsible for a majority of the offenses.

Saturday afternoon during the rodeo Charles K. Rath, who gave his address as the Ramon Trailer Park, was picked up at the Field Club and booked on the charge of indecent exposure. When brought before Judge Hoffman, he was sentenced to serve three months in the county jail, where he is now confined.

Second Offender

Arth Moran was also arrested at the Field Club Saturday afternoon. Charged with being drunk, Moran was sent to the Riverside county jail for three months. Only four months ago he was arrested here, charged with D. W. I. and was fined \$400.

Sunday, John W. Mays of Pasadena was arrested for driving while intoxicated, and his wife, Geraldine Mays, was picked up for disturbing the peace. They both spent Sunday night in the Riverside county jail, and upon arraignment he was fined \$200 and she \$50.

Lloyd Downing of Palm Springs was picked up Sunday, charged with D. W. I. He was fined \$200 when he appeared before Judge Hoffman, \$150 of which was suspended on condition that he drink no alcoholic beverages for one year.

Big Haul

The big haul of the week was made jointly Monday night by Officers McCracken and Fraley on Lago Road. The officers were out on patrol when they sighted a suspicious looking character; and after questioning the man they became still more suspicious of him. The man gave his name as Leonard Gross of Los Angeles.

The officers had reason to believe that he might be connected with several robberies that have occurred recently in Tahquitz Park tract. Gross was fingerprinted by Chief of Police Lloyd Boller, and his fingerprints coincided with those found at the scene of one of the burglaries. Confronted with this evidence, Gross confessed to this job and two other local burglaries.

In his confession Gross implicated Sanford Chernin, also of Los Angeles. Chernin was a "look-out man" for Gross, according to the police. Both men were bound over to the Superior Court at Riverside this week.

Pair of Drunks

Tuesday night, Warring Park of San Francisco was picked up, charged with being drunk. He was fined \$25 in Judge Hoffman's justice court. Ruth Berry, who was driving the car in which Park was a passenger, was arrested at the same time for D. W. I. She was fined \$50.

Tuesday night Officer Fraley picked up Ben Lopez, who is now serving 12½ days in the county jail for being drunk, in violation of city ordinance No. 6.

Appeal for Funds To Maintain Library

Localites who feel that they would like to give monetary assistance to some truly worthy local project can do so at the present time with the assurance that the money they have given will be well used—namely, by contributing to the fund to maintain the Palm Springs Public Library.

The board of directors of the library this week sent out an urgent plea for funds in the following form letter mailed to many villagers.

Feb. 1, 1939.

Dear Resident:

Your public library is seriously in need of funds. A critical period faces this project before city tax monies for maintenance will be available in 1940. The public's use of the library has doubled in the past year and now runs about 2,000 volumes a month. In order to maintain this service to the community, the library must have financial support.

In your gifts in the past you have given both pleasure and cultural development to many. It would be a sad reflection on the civic interest of Palm Springs citizens were this most worthy community asset to suffer curtailment through indifferent response. Through the generous gift of George Welwood Murray the library now has its own site and building, but no city funds are available for its maintenance until 1940.

Please continue the excellent help you have given the library in the past so that it may continue and grow in community service.

Make your check payable to the Palm Springs Public Library.

Yours sincerely,

THE BOARD OF DIRECTORS.

City Council

At the regular meeting of the City Council Wednesday evening, a dance permit was granted to Bil-Al's, upon the condition that the management has a police officer on duty during dancing.

The Council is contemplating the adoption of a dance ordinance which will require all public dancing places in Palm Springs to have an officer present during dancing hours of the establishment. The proposed ordinance is similar, though not so stringent as the county dance ordinance and will be up for adoption at a meeting of the council subsequent to the expiration of a five day period.

Bill Niendorf, owner of the popular night spot, Bil-Al's, expressed satisfaction with the ordinance as long as it is to be a general regulation and not specific to his own establishment.

On the application of the Realty Service Co., the Council announced that a hearing date will be set for March 1st at 8 p. m. The application regards a change of zone to permit the construction of a gas station on the northwest corner of Palm Canyon drive and Via Escuela.

Guy Pinney, city clerk, read the new amendment to an ordinance which will change the fire zones in Palm Springs. Number 1 zone will be decreased in size so that it will comprise the area occupied by the fire department and police station. Number 2 zone will be increased in size so as to include the remainder of former zone number 1 as well as present zone number 2.

A discussion on daylight saving followed the reading of the letter received by the City Council from the Palm Springs Business Men's Association. The latter organization requested in the letter that daylight saving be adopted and tried for the entire month of February. The Council will contact several organizations in Palm Springs which have not already expressed opinions on the subject of using daylight saving in this community, and request that they submit their reports to the City Council.

The Lions Club has already expressed its desire to have daylight saving established in Palm Springs.

Following the adjournment of the City Council meeting, Jack Forline met informally with the group to explain the proposed formation of a Property Owner's Protective Association in this community, made up of the taxpayers in Palm Springs. The proposed association has several objects; one would be an attempt to reduce the taxes in the community, another to improve and build up the community as a resort for people who wish to enjoy the desert. The association would do as much as possible to discourage undesirable business enterprises from entering Palm Springs. The association is not officially formed, but is now in the process of developing.

Scout Committee Meets Wednesday At Desert Inn

Under the direction of A. J. M. Gardiner, chairman of the newly-organized Palm Springs district committee of Boy Scouts, a meeting of the committee will be held on the first Wednesday of each month. The group met Wednesday evening at the Desert Inn.

Members of the district committee include Mr. Gardiner, chairman; Raymond Cree, vice-chairman and board member-at-large; Henry Wick, board member at large and finance chairman; Father Michael O'Connor, advancement chairman; Richard Outcault, camping and activities chairman; Lloyd Simon, health and safety chairman; Dr. John R. Macartney, organization and extension chairman; Morris F. Richardson, training chairman; Edward Merritt, district commissioner, and William Hillery, neighborhood commissioner.

Bela Foldes of the Palm Springs Hotel, an amateur radio operator, who has an excellent sending and receiving set, has offered to donate his set to the local Scout Troop as soon as one of the boys can qualify and is certified by the government as an amateur radio operator.

LUMBER MEN HOLD MEETING AT PALM SPRINGS HOTEL

The Board of Directors of the Inland Lumber Institute, of which Clarence Hyde of the Palm Springs Builders Supply is a member, held their recent monthly dinner meeting at the Palm Springs Hotel to discuss the problems and further plans of the lumber industry in this area.

Apartment House Owners Forming Organization

A joint meeting of local hotel and apartment house owners and managers was held Tuesday afternoon at three o'clock in The Plaza, Room 14, at which time the proposition of organizing a joint association of hotel and apartment house owners was discussed. The meeting was presided over by Mayor Philip Booyd.

After much discussion it was finally decided by the apartment house owners and managers that they would organize, but the hotel men decided not to band together with the apartment men. The fusion of the two groups was defeated, it is reported, by the filibustering of Tom Lipps.

The apartment house owners and managers group appointed a committee. This committee has called another meeting for Tuesday, Feb. 7 at room 14, The Plaza, for the purpose of organizing. This meeting is scheduled for 3 p. m.

On this organization committee are Richard Outcault of the Town House, Mrs. Charles Hill of the Lone Palm, Roscoe H. Campbell of Solano Court, Mrs. C. S. Henderson of Sunshine Court, and Joe Miller of Casa de Beverly.

LIONS CLUB NOTES

The Masonic Luncheon Club has invited the members of the Lions Club to attend its luncheon meeting Tuesday noon at The Desert Inn. The speaker will be D. A. Buron Fitts of Los Angeles County.

Attendance of the club during January was the best so far this season. An average of 78 per cent was maintained.

"Call for Philip Morris" was heard ringing through the card room at The Desert Inn Thursday noon during the luncheon meeting of the Lions. Little Johnny, famous radio character, called on the club and presented each Lion with a sample of his wares.

Assemblyman Nelson S. Dilworth of Hemet addressed the club this Thursday. His talk, which concerned what is going on at Sacramento at the present time, will be found on another page of this paper.

ROBERT RANSOMS HONOR WILL HAYS AT BARBECUE SUPPER

Mr. and Mrs. Will Hays were honored at a jolly barbecue supper Sunday evening given by Mr. and Mrs. Robert Ransom in their Palm Springs home. The distinguished visitors were house guests of the Ransoms over the week-end.

The hosts planned an interesting entertainment for their guests which featured White Flower, and Johnny Boyle. The Indian girl sang songs, danced, and played the accordion, and Johnny also sang.

Among those present were Messrs. and Meses. Irving Snyder, Herman Cornell, James W. Clune, Eric Hauser of Portland, Ore.; Harry Staples, Mrs. Anne Mellon of Los Angeles, house guests of the Staples; Mrs. Lucille Liemert of Los Angeles, Mrs. Verbena Hebbard of Los Angeles, Dr. Robert A. Kennedy of Los Angeles, Mr. A. E. Freudeman of Los Angeles, Mr. Charles Grahame of Bombay, house guest of Mr. and Mrs. Cornell, Mrs. Frederick S. Holmes of Coronado, niece of Mrs. Ransom, and Mrs. C. W. Woddrop of New York, Mrs. Ransom's sister.

Mrs. Holmes will return to her Coronado home tomorrow, accompanied by Mrs. Woddrop.

FAMILY REUNION AT McMANUS HOME

A joint family reunion has been planned by Mr. and Mrs. Austin G. McManus, who will entertain members of the McManus family over the week-end in their Palm Springs home. The group will include Mr. and Mrs. Joseph McManus of Montecito and their daughter, Peggy, who are passing a month at La Quinta; Mr. and Mrs. Walter McManus of Pasadena and their young son, David; Mr. Edward McManus of Palm Springs; Dr. and Mrs. Albert Spaulding of Montecito; and Mrs. A. M. Tanner of Pasadena and her daughter, Joan.

COCKTAIL PARTY PRECEDES BALL

Mrs. Lucille Liemert and Mrs. Verbena Hebbard of Beverly Hills, who passed last week-end at El Mirador, entertained at cocktails in honor of Mr. and Mrs. Will Hays before the group went on to the President's Ball at the Racquet Club.

INFORMAL FOURSOME GATHERS FOR AFTERNOON

Mrs. Humphrey Birge was hostess at an informal luncheon foursome Tuesday, her guests included Mrs. Harold Schilling, Mrs. George Roberson and Mrs. Alvah Hicks.

ATKINSONS HOSTS AT BREAKFAST PARTY

Mr. and Mrs. Lynn Atkinson were hosts at an informal little breakfast party Monday. The group included Mr. and Mrs. Herman Cornell, who returned to Los Angeles later in the day, Mr. and Mrs. Robert Ransom and Mr. Charles Grahame.

DESERT BRIDGE PLANNED BY ALTAR SOCIETY

A delightful desert bridge has been planned by members of the Altar Society of Our Lady of Solitude Catholic church. The party will be held Tuesday, Feb. 7, at 1:30 o'clock, in the Rectory. Reservations may be made with Mrs. Alvah Hicks or with Mrs. H. Bedford-Jones. Members of the Society may bring their friends to the affair.

U.C.L.A. CO-EDS VACATION HERE

Miss Priscilla Bradburn, Kappa Kappa Gamma at U.C.L.A., and niece of the Robert Ransoms, is passing her between-semester vacation in Palm Springs. She is staying at Caliente Cottages for a week, and is accompanied by Miss Betty Tassavent, also a student at U.C.L.A.

LUNCHEON AT INN FOR FRIENDS

Mrs. Ralph Frost of Laguna Beach gave a luncheon at the Desert Inn for her friends, Mrs. Charlotte Shelby of Laguna, Mrs. James Bertram Ruth of San Gabriel and Mrs. Frank Parker of Alhambra. Mrs. Frost has taken a house in Palm Springs after having lived in Hankow, China, for the last 30 years.

P. S. WOMAN'S CLUB TO MEET MONDAY AT DESERT INN

The next regular meeting of the Palm Springs Woman's Club will be Monday, February 6, at 2:30 p. m., at the Desert Inn.

It is the sincere wish of the president that all members and guests register at the door, as they wish to know the exact number who attend each meeting.

This will be a business meeting, and tea will be served through the courtesy of Mrs. Coffman later in the afternoon.

BURGETS ENTERTAIN

Mr. and Mrs. Charles Burket entertained friends over last week-end. The out-of-town guests included Mr. and Mrs. Mark Higgins, formerly of Palm Springs, who are now making their home in Fresno, and Mr. and Mrs. Dale Smith of Fresno. Mr. and Mrs. Higgins also enjoyed visiting other Palm Springs friends during their short stay.

HOUSE GUESTS

Mr. and Mrs. Phil Graham of Pasadena, were house guests of Mr. and Mrs. Rufus Chapman last week-end. The Grahams, who were here on their wedding trip, were married last Saturday. Mrs. Graham is the former Betty Murray of Pasadena.

BIRTHDAY PARTY FOR MISS PLYMIRE

Ethel Plymire was given a surprise birthday party recently when Mrs. A. P. Falk entertained thirty guests at her home in Tahquitz estates.

WARREN STREBES HAVE NEW SON

Mr. and Mrs. Warren Strebe were the parents of a seven pound baby son born January 25 in Los Angeles. He has been named Warren, Jr. The father is associated with his brother, Earle Strebe in the operation of the local theaters.

PATTERSONS ENTERTAIN DOCTORS AND WIVES

Mr. and Mrs. H. E. Patterson were hosts to a group of doctors and their wives one evening last week. Their guests were: Dr. and Mrs. Jack C. Hill, Dr. and Mrs. Bacon L. Clifton, Dr. and Mrs. James B. Oliver.

ENTERTAIN WITH DINNER PARTY AT DESERT INN

Mr. and Mrs. Harry Greely of Bonita, California, gave a delightful party at the Desert Inn Saturday evening when squab and wild rice stuffing had to share honors with the rumba and Lambeth walk. Their guests were: Mr. and Mrs. Pullman Lauden, Dr. and Mrs. James Oliver, Mr. and Mrs. John Chaffey, Mrs. Mary Thomas Miller of Smoke Tree Ranch, Roy Randolph and Mr. and Mrs. Chuck Abbott.

MRS. HANSEN HOSTESS AT DELIGHTFUL TEA

Mrs. Hans Lauritz Hansen was hostess at a smartly appointed tea on Monday afternoon. Her guests, numbering 17, included the following: Meses. H. T. Carnell, Frank Alcott, Thales S. Boyd, Charles N. Bosworth, Herbert Carpenter, Jack Hill, J. J. Kocher, J. R. Macartney, John C. Snyder, Guy Pinney, Henry Reid, D. Wilson, B. B. Weatherall, Henry Wick, and Miss Ida Dowling.

CIZZY LOFTUS TO APPEAR IN PERSON AT PLAZA THEATRE

World travelers, of whom there are many in Palm Springs, will welcome the news that England's "own," the famed, feted and beloved star of state and cinema, Cizzy Loftus, will appear in person at the Plaza Theatre, Palm Springs, in the very near future. In fact, the date has been definitely set for the evening of February 24.

PETE SMITH NOVELTY FILMED IN RESORT TO BE AT PLAZA

"Double Diving," that's the title of the latest M-G-M Pete Smith novelty which will be shown at the Plaza Theatre in conjunction with the feature picture, "Idiot's Delight," starring Norma Shearer and Clark Gable, for an extended run starting Wednesday, Feb. 8. "Double Diving" was filmed in its entirety in Palm Springs at the El Mirador pool and stars "Dutch" Smith.

Famous Russian Beauty Air Pilot To Lecture at El Mirador Hotel

By TONY BURKE

Baroness Leda Wrangell, distinguished Russian beauty, pioneer air woman and noted lecturer, arrives here today for a week's stay, during which time she will lecture on "Woman's Best Years," and "Beauty and Romance." Baroness Wrangell is accompanied by her husband, Baron Charles Wrangell.

The marriage of the strikingly handsome Mme. Leda Utgoff and Baron Charles Wakassowski Wrangell, a former Russian nobleman, attracted international interest last November when the impressive Orthodox Russian ceremony was attended by a very large and fashionable crowd.

Baroness Wrangell, many years back in Russia was Miss Leda Offenbergh, daughter of a Russian general, Vladimir Offenbergh, assistant inspector of ship-building in the old Russia. In January 1914, she married her first husband, Commander Victor V. Utgoff, famous pilot of the Russian Imperial Navy. Six months later the World War broke out and Commander Utgoff, then in command of an air squadron, left for the fighting front, parted with his young bride. He made several flights

over the Bosphorus and Constantinople and for his indisputable courage was rewarded by the Russian Imperial government with the highest decoration for bravery on the field of battle—the Cross of St. George. The French government bestowed on him the Legion of Honor. Separation from her husband, revolution, the threat of death at the hands of a mob—all these Mme. Utgoff experienced during the revolutionary period.

In spite of a life of hardship, tragedy and heartaches that might have left their toll on one less courageous than she, the Baroness, who has twice-married and is a grandmother, and who admits frankly to approaching her fifties, does not look a day over thirty-five.

The Baroness' lecture will be given at El Mirador Hotel on Wednesday evening, Feb. 8. A well-known lecturer, Baroness Wrangell has lectured on beauty as well as on Imperial Russia, covering such subjects as "Sense of Humor in Russia," "Russian Woman," "Romance in Imperial Russia," before large audiences in New York, Washington, D. C., Lake Placid, Stockbridge, Mass., and other Eastern cities.

DESERT SUN BEAMS

Among those who have been Alphonsoned recently by Al de Long at the Algiers, attractive cocktail lounge of the El Morocco Hotel, include the following group of celebrities: Rosalind Russell and Bette Davis, film stars; Mrs. "Ruthy" Davis, Bette's mother, socially prominent in Beverly Hills; Charlotte Wynters, Gloria Reynolds (of Reynolds Tobacco Co.); Hal Borne, R. K. O. song writer; Skippy Sanford, Paramount director and cameraman; Mrs. Frank Jenks, wife of the Hollywood film director; and Ruth Garland, well known stage star on Broadway, who is now in Hollywood.

At a buffet supper table at colorful Padua Hills Sunday night were the following of Palm Springs: Misses Monica Finn of Palo Fierro, Ruth Brimhall of Patenco Road, Marion Phyllis Merrill, Marie Kelly of El Encanto, and Effie Kalseim, where they enjoyed the festive entertainment of the Mexican Players.

WINTER RESIDENTS WIN TOP HONORS IN SKEET SHOOT

Mrs. Alger Sheldon and Herbert J. Carpenter, prominent winter residents, gained top honors at the Palm Springs Skeet Club last Sunday in the first important Skeet shoot of the season.

It was the largest turnout of the year, reported Carl Bradsher, manager of the club.

LARGE CROWD GATHERS FOR WEEKLY LIONESS LUNCHEON AND BRIDGE

The Lionesses met for their weekly luncheon and bridge Thursday at Claridge's.

Attending this delightful party besides the hostesses, Mrs. Merrill Crockett and Mrs. Harry Williams were: Mrs. Homer Jenkins, Mrs. Armand Turonnett, Mrs. Colton Jackson, Mrs. Alvin Weingarten, Mrs. Charles Burket, Mrs. Gordon Nicholson, Mrs. John Sprague, Mrs. John Williams, Mrs. Homer King, Mrs. Howard Girard, Dr. Georgiana Raymond, Mrs. Frank Doro, Mrs. John Macartney, Mrs. Harold Barkow, Mrs. Horace Pendery, Mrs. Charles Bosworth, Miss Margaret Needham, Mrs. Tanner, Mrs. Connell, Mrs. McCann, Mrs. Peters and Mrs. Youngling.

The next luncheon will be at Del Tahquitz and reservations may be made with Mrs. Homer King or Mrs. Frank Doro.

NEW BOOKS DONATED TO LOCAL LIBRARY

Cornelia Otis Skinner's "Dithers & Jitters"; and "Mr. Despondency's Daughter," by Anne Parrish, were two books donated to the library last week.

Boys' books received included works by Lincoln Steffens, Howard Pyle, and Phyllis Crawford.

Other books added to the shelves included several given by J. Smeaton Chase.

Tables In Hotels During Roll Call; Tea for Workers

The Red Cross Roll Call is reported to be well under way, with all Palm Springs hotels cooperating by their placement of tables in the lobby during the dinner hour.

A tea was held Tuesday at 3:30 in the Desert Inn for workers of the drive. Duties were discussed and assigned. Mrs. Ted Griffiths is chairman of the Roll Call, and among the many workers who are assisting her on the committee are Mrs. Philip Boyd, Mrs. Francis Crocker, Mrs. John Williams, Mrs. Harold Hicks, Mrs. James B. Oliver and Mrs. Robert Ransom.

MRS. DUGAN HONORED AT BIRTHDAY PARTY

Another interesting event of the past week was the birthday party given for Mrs. John Dugan at her Las Palmas home Sunday evening.

Enjoying the delightful evening with Mrs. Dugan were: Mr. and Mrs. Leroy Burns and son, Bobby, from Santa Ana; Jack Dugan, Jr., Miss Huberta Morgan from Orange,

Plaza Theatre Gives Benefit For Girl Scouts

The management of the Plaza Theatre has set aside two nights, namely Monday and Tuesday, Feb. 6 and 7, during which a generous portion of the box office proceeds will be added to the treasury of the Girl Scouts of Palm Springs. Not only will the screen show be of special merit, what with the feature picture "Girls' School" with Ralph Bellamy, together with Anne Shirley and Nan Grey, plus an additional fifty beautiful girl stars of tomorrow, but there'll be several professional acts on the stage each night; plus, of course, some excellent subjects on the screen.

Mr. and Mrs. Clifford Harston, Mr. and Mrs. N. Krotz, Miss Irene Krotz of Huntington Park, and Mr. and Mrs. Harry Elies of Fullerton.

Mrs. Burns and Mrs. Krotz, daughters of Mrs. Dugan, are staying here in Palm Springs for a few days.

A Lecture on Christian Science Entitled Christian Science: Its Compassionate and Loving Ministry

was delivered in Palm Springs, Sunday, January 29, 1939, in The Frances Stevens School, 538 North Palm Canyon Drive.

by
**Charles V. Winn, C.S.B.
of Pasadena**

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

A full report of the lecture follows:

Many centuries ago there came to the world a man sent of God, a messenger of hope, a servant of the Most High, bringing to humanity a gospel of joy and healing. This man, Jesus the Christ, brought to the world the highest concept of God, the noblest concept of man, that had ever come to the human consciousness. He not only set forth his sublime teachings with clarity and love, but he demonstrated their truth with undeniable proof and works. He came, not only preaching God's infinite love, but showing us plainly how everyone can share in the boundless love of the Father. His great compassion and sublime tenderness found utterance in that gracious invitation, "Come unto me, all ye that labour and are heavy laden, and I will give you rest." Was this invitation intended only for those of Jesus' day and time? No! Truth is universal and eternal. Its message is for all peoples and climes, and the Christ is still saying to all earth's children, Come unto me and ye shall find rest from all your woes, your sorrows, your sins, and your diseases, through the power of God, here and now.

True Ministry

The word "minister" means "to do things needful or helpful; to render aid; to be serviceable; to give or supply something." No matter how successful and efficient one may be, there comes a time in everyone's life when his human efforts fail him. He is inevitably forced to reach out to some power beyond and above himself in order to overcome his difficulties. While this may seem to be a time of discouragement, it is really a period of great hopefulness. The man who reaches the place in his mental journey where he sees the futility of mere human will, the inability of the human intellect to guide him aright, the utter failure of material means and methods to heal him, the inability of material pleasures and sensual indulgences to bring true happiness, has taken the first step toward his deliverance. It is right here that the compassionate and loving ministry of Christian Science comes to his aid, strengthens his courage, exalts his hope, supplies that which is needful, and leads him forward and onward.

Having reached this point of conviction that there is a divine power beyond and above the human and that this power is adequate to supply that which is needful, the next step is to learn the nature of that power and how that power can be practically applied to our human needs. It is here that the compassionate and loving ministry of Christian Science comes to our aid and teaches us the true nature of God or the supreme power of the universe. Surely we cannot avail ourselves of this supreme power unless we understand the nature, character, and essence of that power. Our ability to lay hold upon this power is in direct proportion to our comprehension of it. In Psalms we read, "God hath spoken once; twice have I heard this; that power belongeth unto God." Then the more we understand about God the more practically we can utilize His power.

Definition of God

In the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 465), we have this definition of Deity: "God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love." This clear, succinct definition of God has not only blessed the vast number of persons who have become Christian Scientists, but is rapidly transforming false theological beliefs and is leavening the whole of human thought. God's nature never changes; He is the same yesterday, today, and forever, but through uplifted thinking and exalted consciousness we can discern more and more of the divine character and attributes. How often we go to a familiar spot which we have visited many times, and see something that we have never seen before! The landscape had not changed, but we took in more of the beauty that was always there; the scene had not changed, but our discernment of it had changed. In writing to the saints of Ephesus, Paul prayed that God might give unto them "the spirit of wisdom and revelation in the knowledge of him: the eyes of (their) understanding being enlightened." While in the definition just quoted Mrs. Eddy has used the familiar Scriptural terms for God, she has also used other terms which do not appear in the Bible. These terms bring to our thought phases of His character which are constantly set forth in the Bible and thus are both logical and Scriptural. But the most basic reason for their use is that they are demonstrable and provable. In a very striking passage in the Christian Science textbook (its author has written (p. 547), "You can prove for yourself, dear reader, the Science of healing, and so certain if the author has given you the correct interpretation of Scripture." Surely we could not ask for

more than tangible, unassailable, definite proof.

God Is Divine Mind

In Job we are admonished, "Acquaint now thyself with him, and be at peace: thereby good shall come unto thee," so let us see how we can gain that true understanding of God and thus lay hold upon that power divine which brings into human experience abiding joy, peace, and healing. The understanding of God as Mind is most helpful in enabling us to prove His power and presence. The word "infinite," which Christian Science constantly uses in connection with Mind, is of great significance and importance. The word "infinite" means "unlimited." That which is infinite has no peer, no competitor, no opponent, for there is nothing outside of it or beyond it. An infinite power must be all-power, for there is none beside it that can restrain it or curtail its activity. There is nothing that can be opposed to the infinite and All. As the Bible so clearly declares, "He is in one mind, and who can turn him? and what his soul desireth, even that he doeth."

Since God is Mind and All-power He must be the only creator, and Mind's creation must be the only creation. There is no other power that could bring anything into being. Right here Christian Science gives us another most helpful truth about God, or Mind, namely, that "Mind in every case is the eternal God, good" (Science and Health, p. 415). Since God is Mind, the only power, the only creator, then God's creation is a good creation. The power of infinite good that brought it into being must be supremely active in that creation. The only law operating in that creation is the law of Mind or good. The Scriptures frequently refer to the wisdom and knowledge of God. Wisdom is supreme, divine, unerring intelligence, and He who is all-wise governs His creation wisely, intelligently, and beneficently. The power of Mind or supreme good always operates to bring into manifestation the highest degree of good, the greatest manifestation of good.

The Allness of Good

In the light of the foregoing facts, Christian Science, through its compassionate and loving ministry, shows us clearly and demonstrably the allness of good and the unreality of evil. The human mind has accepted the false belief in the reality of evil for so long that it is reluctant to acknowledge the great truth of being, the allness of good. It is only when proof displaces doubt and demonstration supersedes mere belief that the human mind forsakes its false basis and rejoices in healing. If a person does not think intelligently about something, he makes mistakes, that is, he gets the wrong answer in place of the right one. Evil is only a mistake, a mistaken sense or false concept about that which is true. To properly correct or overcome a mistake one must know the fact. To become impatient with the one who has made the mistake is never helpful, but to show him lovingly and kindly where he is wrong and to explain graciously to the erring one what is right, is healing and redemptive. Argument never brings conviction; demonstration is all-conclusive.

Demonstration Inculcates Faith

A man who was suffering from ulcers of the throat once came into a Christian Science practitioner's office. He said that Christian Science had been recommended to him, but he did not see how Christian Science could do anything for him, as he was an atheist, and that he had no faith in Christian Science treatment. It was lovingly explained to him that he did not need to have any faith, but that after he had been healed through God's power he would naturally have faith resulting from incontrovertible proof. Under those conditions he was willing to have Christian Science treatment. The treatment was given and a later examination showed that the trouble had entirely disappeared. That one proof of the power of God made available to man accomplished more than any amount of argument. The man who has lost his way and who has thereby wasted many valuable hours and traveled many useless miles needs to be shown the right way to reach his destination. To explain to him that he is on the wrong road is helpful, but to show him how to find the right road is best of all. After he has arrived at his destination quickly and safely he is not very apt to go back to the wrong road.

God Is the Only Presence

Since God is Mind, the one infinite good, the only power, He is the only presence. He who is All-power must be ever-present, for the supreme power of the universe could not be absent from the universe. How does God's power become operative in our experience? By the realization of His presence! The Bible speaks of "him that filleth all in all." The value and reality of anything is our consciousness of it. As we become conscious of the ever-presence of God or good, we lose the consciousness of evil and wrong, and its seeming power is rendered inoperative in our experience. God is ever-present. We only have to become conscious of His presence. As we are conscious of His presence we are unconscious of His absence. Because He is now here, evil is no where.

There was a man whose sight had almost entirely disappeared. He went to see a Christian Science practitioner, and a treatment was given. A Christian Science treatment is the realization of the all-power and ever-presence of good. In "The First Church of Christ, Scientist, and Miscellany" (p. 364) our revered Leader tells us that a practitioner of Christian Science is able "to heal the sick, by recognizing the supremacy and allness of good." Since good and the power of good are ever-present, the ability to see must be ever-present. Sight is a gift of God and must have been right there, for God was there. When this truth was realized, the sufferer, like the man whom Jesus

healed, "came seeing," and his sight was fully restored. It was proved that the God-bestowed ability to see was ever-present; the inability to see was never present, was never anyone, anywhere, or anybody. The recognition of the presence of good was accompanied by the manifestation of the power, the activity, and expression of good.

The compassionate and loving ministry of Christian Science brings harmony to every situation, heals disease, uplifts human relationships into the realm of the good and true. The Psalmist sang, "Surely the righteous shall give thanks unto thy name: the upright shall dwell in thy presence." All that is ever present in God's creation is that which He has brought into being. Infinite Mind and divine good has brought forth its own pure and perfect ideas, and they are all that are ever present or expressed. As we perceive and discern God's presence we become conscious of harmony, not discord; love, not hate; joy, not sorrow; affluence, not want; goodness and virtue, not sin and evil. The man whose back is turned toward the sunset does not see its beauty and grandeur; he is not looking in the right direction. Christian Science keeps us looking in the right direction. It enables us to hold our gaze Godward, not earthward; to Mind's perfect expression, not to error's false presentations; to what God has done and which error has never undone.

True Standard of Thinking

As we are helped onward and upward through the gracious ministry of Christian Science, as we know God aright, as we discern His true creation, we have a basis or standard for our thinking by means of which we can bring into our lives that which is worthy and good and reject that which is baseless and false. The greatest treasure that we have, the most valuable possession, is the ability to think. That which will show us how to think aright is indeed priceless. To understand what is right and true is a divine gift with which no earthly talent can be compared. In speaking of it the Bible says: "Length of days is in her right hand; and in her left hand riches and honour. Her ways are ways of pleasantness, and all her paths are peace." The most important business in which we are engaged is thinking. The right thinker is engaged in the most profitable business in the world. In our human affairs we naturally invest in those enterprises which will bring us a right return and afford us the maximum of security and safety. The right thinker is engaged in a lofty enterprise whose returns never fail him, but are multiplied manifold. His capital consists of right ideas and is never impaired, but remains intact and cannot be impaired.

The basis for all true thinking is most beautifully set forth in the Christian Science textbook on page 335, where we read, "Mind is the divine Principle, Love." How clearly this sets forth the foundation for that righteous thinking which alone brings peace, joy, success, health, and holiness! Since God is Mind and infinite Love, then every true thought must express Love. Every true thought originates in God, divine Mind, and must express Him. If any thought does not come from God, divine Love, then it is utterly lacking in truth, power, and reality. As we entertain those thoughts that reflect God, divine Love, the supreme power of the universe is on our side and we are on God's side. As the hymn so beautifully puts it, "He always wins who sides with God," for He is unfailingly on the right side. Every thought that expresses God has God's power behind it and is invincible. It cannot fail. Failure is unknown to God.

God's Power on the Side of Right

There was a man to whom a sum of money was owed which was being unlawfully withheld from him. One day, after making repeated efforts to secure that which was rightfully due him, but without success, he determined to make one more effort. Before doing so he carefully searched his own thought to see if he was acting in full conformity with that which was right. After a little heart-searching he found that he was withholding from another that which was his honest due. He immediately took care of this honest obligation, and inside of forty-eight hours he was paid the entire sum that was due him. When he aligned himself with that which was right, God's power became operative in his experience and the so-called power of evil was annulled. The thoughts of honesty and gratitude had supplanted those of dishonesty and ingratitude; he was proved impotent and powerless. As the Bible so clearly states it, "In God I have put my trust; I will not fear what flesh can do unto me." As we entertain God's holy thoughts we need have no fear about what fleshly, carnal thinking is attempting to do, for it is nothing and can do nothing.

Basis of Healing

As we understand God better, as we see that He is always good, as we perceive more clearly that He is the only Mind and that the Mind that is God is infinite Love, we find the basis for all true healing and redemption. In seeking a method of accomplishing anything we necessarily seek that method which is most successful and capable of bringing about the desired results. Jesus was the most successful healer who ever lived, and his method was the most efficient ever known. His work was unfailingly and unerringly effective, and surely we can find no better way. Every material method is relying on some sort of power. One person may rely on the supposed power of a drug to assuage his suffering; one may depend on surgery to help him; another may seek a change of climate to benefit him; but in every instance he believes that the system employed has the power to relieve him of his distress. All material methods are, by their very nature, limited, tentative, and uncertain. At one time they will seem to help and then again they

utterly fail; they often seem to benefit one and not another. Sometimes material means bring other difficulties which are far worse than the original trouble.

A true method of healing must operate uniformly, unerringly, and with divine certainty. Such a method was the one that Jesus used in his compassionate and loving ministry. Jesus never failed, even in the most extreme cases; he was never at a loss as to what to do; he never classified disease as curable or incurable; he never at any time admitted that it would take time to effect a cure, nor did he ever prophesy a long period of convalescence or recovery. What was the secret of his unerring success? He was successful because he relied wholly and unreservedly on God, that supreme and infinite power which creates and maintains the universe. He knew that the power of God or good was unlimited and unrestricted, and because it is supreme it is ever-operative and universally available. God is infinite good and His power can only bring to pass goodness, health, holiness, harmony, and right. No matter how long an evil condition has seemed to exist, its seeming power is rendered null and void when God's supremacy is understood.

Jesus' Way of Healing

How beautifully Jesus proved this in the case of the boy who was afflicted with a dumb and deaf spirit, when his father brought him to Jesus for healing! You will recall that even the disciples had failed to cure him. Jesus asked the father how long this false condition had seemed to trouble the boy, and the father replied, "Of a child." Jesus then rebuked the dumb and deaf spirit and after he had cast him out the child was perfectly healed. Even though the difficulty had seemed to persist since childhood it was proved impotent and powerless. The power of infinite good had been there all the time; it had never been absent from God's universe, nor had it ever been unexpressed. Man's perfection and completeness forever exist in the Mind that is God. God's power, understood, only brings it into manifestation.

I knew a woman of quite advanced years who was perfectly healed in Christian Science of a serious difficulty that she had had all her earthly life. Another friend, although one whom the world called no longer young, was perfectly healed of total paralysis. Her testimony later appeared in one of our periodicals as an expression of gratitude to God for His goodness, beneficence, and love. True being is timeless and ageless. Infinite good knows no periods of ebb and flow, but is forever expressed to all His children. In the instance just referred to, Jesus "rebuked the foul spirit," which shows clearly that the malady was not primarily physical, although it seemed to express itself materially. The error was only a lying belief about man, and when Jesus rebuked it, repudiated it, and denied its reality and power, it was destroyed. False belief is never true, no matter how long it has been believed, and Jesus proved that although the discord had been present "of a child," it was not God-created and never was a part of man.

God Is the Only Spirit

The compassionate and loving ministry of Christian Science brings to us another great blessing—the understanding of God as Spirit. It leads us forever away from any thought of God as corporeal, humanized, or limited. It takes us completely away from the trammels and limitations of a finite belief about God and reveals to us His infinitude as omnipresent Spirit, infinite Truth, boundless Love, and limitless good. As we understand this great fact we gain a released sense of life and attain the great possibilities of tireless and infinite being. In "Miscellaneous Writings" our beloved Leader tells us (p. 282), "Remember, it is personality, and the sense of personality in God or in man, that limits man." God never limits man. "Of his fulness have all we received, and grace for grace," and the recognition of this truth unfetters man and gives him that spiritual dominion that God gave the man of His creating aright, which is forever his by divine right. The Bible declares that God made man in His own image and likeness, and since God is infinite Spirit, that likeness must be a spiritual or divinely mental likeness. It could not be a physical likeness but a likeness of character; that is, man must express the nature or qualities of God. God is Truth and man expresses Truth. God is Love, so man reflects Love. God is good, so man manifests the goodness of God. God is the only power, so man embodies the strength and power of God. The man of God, the real man, never manifests weakness, inability, incapacity, or failure. Strength, ability, capacity, and freedom are inherent in man because he reflects God, good.

God Creates All Good

God is infinite Spirit, in whom is all good and from whom all good comes, or, as the Bible states it, it is God "who giveth us richly all things to enjoy." As we recognize our divine sonship we become spiritually aware or divinely conscious of that spiritual good or divine beneficence that is always at hand. Good does not increase or decrease, but through spiritual enlightenment we become increasingly conscious of its presence and power. When one manifests a degree of success we often hear it said, "He is making good." Of course such a phrase is not a correct statement of the true status of things. No one creates any good; God has created all the good there is and made it accessible to mankind. It is man's natural inheritance and his right to enjoy it. Our enjoyment of it is in direct proportion to our recognition of it. Humanity does not make good, but only appropriates the good that God has made.

There was a man who had thought of himself as incapable of doing a

A Lecture . . .

(Continued From Page Eight)

certain kind of work. Shortly after becoming a student of Christian Science he was offered a position along this line which he accepted and which he filled most worthily. The Scriptures declare, "I am full of power by the spirit of the Lord." Practically interpreted, spiritual understanding reveals that the man of God is a man of ability, strength, capacity, resourcefulness, keenness, and perspicacity. A proper recognition of the source of his ability brings with it that cardinal virtue, humility. When we see that that ability is God-derived, we use our talents not to exalt self but to glorify God. Self-exaltation darkens our way; God-glorification sheds the full light of truth and good on our path. As the hymn so beautifully puts it:

"God works in us to will,
He works in us to do;
His is the power by which we act,
His be the glory too."
(Hymn 354, Christian Science Hymnal.)

Spiritual Things Are Immortal and Real

Sometimes the human mind thinks of Spirit and spiritual things as intangible, vague, and visionary, but how clearly this misconception is dispelled when we read that simple definition of "Spirit" in the Christian Science textbook on page 594: "Mind; . . . all that is good; God." How near this brings God to us! We never see the human mind, yet we do not doubt its seeming tangibility, for we constantly see its expression or manifestation. Everything we see is an expression of mind. Everything human or mortal is the manifestation of the mortal or human mind; everything that is real, divine, or immortal is the reflection or emanation of the divine Mind or God. The word "mortal" means that which is subject to death, so all that is included in mortal mind is temporal, illusive, and doomed to pass away. That which comes from the divine Mind is eternal, immortal, and will last forever. God is everlasting and indestructible, and since Spirit is "all that is good," then all things spiritual are immortal and immutable. The more we know of "all that is good" the more of immortality we possess here and now. We do not gain immortality by mortal dying, but by immortal and spiritual knowing.

There was a man who was in the last stages of tuberculosis. Someone was kind enough to send him a Christian Science Sentinel, our weekly publication, in which was a testimony of one who had been healed of this difficulty. The man's interest was aroused by this testimony, and as a result he attended a Christian Science testimony meeting in a Christian Science church. His interest became more aroused. His next step was to go to a Christian Science practitioner and lay his case before him. The practitioner asked, "Do you believe in God?" and the man replied, "I certainly do." The next question was, "Do you believe the Bible where it says that 'God saw every thing that he had made, and, behold, it was very good'?" The answer was, "Yes." The practitioner then said, "Then God could not possibly have made tuberculosis, for surely that is not good." To this statement the patient readily assented and he was instantly healed. Whereas this man had been looking to death to release him and had even made plans to hasten the end, he now found himself free and well through spiritual knowing and understanding. The knowing of immortal Truth brings immortal good into our experience; it dispels the darkness of mortality, disease, fear, and evil.

True Power Spiritual and Divine
Since God is Spirit and the only power, all true power and energy must be spiritual and divine. The human mind has for so long thought of power as material and physical that it does not at once grasp this fact, but once it is demonstrated, doubt and uncertainty are dispelled. The tendency of the human mind is to relegate to the realm of the mysterious and indefinite that which it cannot see with the physical senses, but even the so-called physical forces cannot be seen by the eye. Light, heat, air, and electricity cannot be discerned by material sense. We can see their effects but we cannot see these so-called forces themselves. We believe that they exist because they produce certain results which become apparent to the senses. As we discern the supremacy of Spirit, spiritual energy, and spiritual law, then spiritual blessings flow into our experience, healing is certain, joy unconfined. These blessings are the sign of Immanuel or God with us, God with us, Life with us, Truth with us, boundless Love with us.

True Knowledge Is Power
What we know about God, infinite good, endows us with the power of good; what we know about infinite Truth equips us with the strength of Truth; what we know about infinite Life gives us the dominion of Life. When we know God aright His power is present in consciousness. When it is present in consciousness the outward expression of good follows naturally and inevitably as the morning follows the night. God is everywhere present, and as we are conscious of this fact and dwell in thought upon His goodness, power, and love His divine ever-presence is always with us. The ever-presence of God is a law of utter destruction to evil's seeming presence. The recognition of God's nearness proves the absence of evil, its never-presence, its unreality. The Psalmist declared, "I have set the Lord always before me: because he is at my right hand, I shall not be moved." We cannot be in any situation where we cannot think about God and where His presence and divine activity are not available to us. There was a lady who was living in a cabin out

in the woods, quite far removed from her neighbors. She was a student of Christian Science and seemed to be struggling with a very serious difficulty. One night things looked very dark, but she clung steadfastly to God's presence and nearness, and during the night the trouble entirely disappeared. She proved that she was in God's presence where good alone is manifested and known. It was humanly impossible for her to secure anyone to help her, but through spiritual knowing she could avail herself of that divine aid that is unfailingly at hand.

Happiness Is Spiritual

Since God is infinite Spirit, "all that is good," the compassionate and loving ministry of Christian Science brings to us another great blessing—the understanding that true joy and happiness are spiritual. True joy and satisfaction come from God, infinite good, and the man who looks to God for his joy and pleasure is looking to an unlimited source, and peace and happiness can be his in full measure. Materiality, animality, and carnality cannot satisfy him, for they are contrary to his true nature and character. Even the seeming pleasures of matter and evil are temporal and fleeting and are followed by conditions of regret and remorse that far outweigh their even seeming temporary satisfaction. How different it is when we look to God and goodness for our joy! Every good thought entertained brings us more of good; every law of God obeyed brings greater freedom; every time we cling to that which is right, better and more righteous conditions are manifested in our experience. It is recorded of our great Master that after he had rejected the temptations in the wilderness angels came and ministered unto him. Christian Science teaches us that angels are "God's thoughts" (Science and Health, p. 581), ideas of infinite good, and as we reject the evil and welcome in the good, peace and joy come to us and abide with us. God's blessings come to the pure in heart, for they find a ready welcome there and there they abide.

Blessings Come From Spiritual Thinking

We have all read about how when those who love birds go into the woods the birds readily come to them. I have in mind a place where the birds have been treated so kindly that they will readily come and eat out of one's hand. Love begets friendliness, and unselfishness calls forth trust. As we are mentally hospitable to the ideas of Spirit they come to us, bringing healing in their wings. Someone has said that blessings never come singly. God's ideas have a goodly company with them. If you raise the shade only partially of course you get some light; if you raise it still higher you get more light; and if you raise it clear up you get the full light. The automobile whose tank is only half full of gas cannot travel so far as one with a full tank. The one who turns away from the flesh and fleshly indulgences and follows the way of purity and holiness, not partially, but fully, finds many blessings. This was beautifully proved in the case of a friend of mine who was healed of the smoking habit. He was also healed of deafness. Now I do not mean to say that the tobacco habit caused the deafness, but when he turned away from this fleshly indulgence or evil habit and won his freedom from this form of enslavement he also won his freedom from his bondage to deafness. The power of good is not restrained or confined, but breaks every yoke and lets the oppressed go free.

God Is Soul

How beautifully the loving ministry of Christian Science reveals to us God as Soul! How it clears away mystery, gives us a true basis for our faith and a practical method for its application! Christian Science reveals to us clearly that Soul is not an impalpable something inside the body which escapes from its imprisonment only through death. In "Unity of God" by Mary Baker Eddy we have this clear and understandable definition of Soul (p. 29): "Transcending the evidence of the material senses, Science declares God to be the Soul of all being, the only Mind and intelligence in the universe." How surely this takes away the finite sense of Soul as confined to the material body and gives us that infinite sense of Soul as divine, all-pervading intelligence—the all-knowing Mind whose resources are unlimited and are ever accessible to mankind. The real man is the reflection of Soul, since he is God's image and likeness; he is, then, soulful, upright, good, unfettered, intelligent, capable, and at one with God. The real man is not going to become immortal by the escaping of his soul from his mortal body. God's man is immortal now; he is safe in Soul; he is untouched by earthliness and mortality. As he abides in Soul, divine intelligence, ignorance is dispelled and bondage to false theories is destroyed. We are told in our textbook (p. 269) that "metaphysics resolves things into thought, and exchanges the object of sense for the ideas of Soul." All bondage and limitations are due to ignorance and lack of understanding. As we see the creation of Soul, the universe of divine intelligence, the man of God's creating, ideas of Mind, the light of Truth dispels the darkness of ignorance, misconception, and false belief.

Recently I was in a section of our country where beautiful wild oranges are raised. It was not so very long ago that these oranges were believed to be very poisonous. Of course they never were injurious or harmful. The belief that they were was a delusion. The people who entertained this falsity did not have to change the oranges; all they had to do was to change their belief about them. When they did so, their fears were overcome and nothingized. In the realm of Soul, God, and divine Truth, there are no false beliefs to limit man, rob him of his joy, take away his health, or interfere with his supply of good. Since all good

comes from Soul, infinite good, it is safe in God, protected by God, and governed by God.

Exalted Vision

How beautifully Jesus proved this in the case of the two blind men who followed him and asked him to have mercy upon them! Note you that Jesus did not ask them one word about their physical infirmity. He gave his entire attention to their mental condition. He asked them, "Believe ye that I am able to do this?" When they replied in the affirmative he declared, "According to your faith be it unto you. And their eyes were opened." The sight that God had created was right there and had never been altered, but Jesus opened their eyes, their understanding, to the manifestation of God, where everything that He has created is perfect, right, good, and true. Some of the most beautiful flowers have been developed from what were once considered to be worthless weeds. God's perfect ideas are here and now. As thought is uplifted and purified we exchange "the objects of sense for the ideas of Soul" (Science and Health, p. 269); we see the beauty of holiness, the grandeur of good, the majesty of Mind. The inexperienced mountain climber may have to stop far short of the summit, where his view is necessarily limited, but the hardy mountain climber goes to the summit, where his view is unobstructed in all directions. Christian Science lifts us to the heights of Soul, exalts our vision, and enables us to see in all its glory what God has created, the beautiful and the good, which is ours to enjoy now and forever.

The Discoverer and Founder of Christian Science

The Bible tells us that our citizenship is in heaven. As children of Soul, as the ideas of God and the heirs of immortality, we have a heavenly estate, secure in the kingdom of Mind. To those of us who have gained some understanding of this great truth, what a privilege is granted in being followers of that great and noble woman, our beloved Leader, Mrs. Eddy, who has brought this great truth to the world and made it available to all mankind. Truly she exemplified in the fullest degree that true ministry which is doing things needful and helpful, rendering aid and being serviceable. She brought to the world that true knowledge of God, infinite good, which alone can meet humanity's need, still its strife, end its fears, heal its diseases, and bring the kingdom of heaven to earth. When this sublime truth came to our Leader and lifted her from disease to health, from death to life, she recognized the priceless gift that had come to her. After proving the rightness of her discovery in many, many cases of healing she gave her discovery to the world in her great textbook, "Science and Health with Key to the Scriptures." She also devised ways and means to protect her discovery and make it available to mankind in its purity and correctness. This holy ministry is carried on through the agencies of The Mother Church, which divine wisdom led our Leader to establish. This church was ever near to her heart. She worked for it, she sacrificed for it and gave to it her full measure of devotion. The opportunity is ours to carry on lovingly and humbly the great work which she established under God's direction and to whom she ever looked for guidance. He too will guide us aright and lead us onward as we follow faithfully the path which our Leader has pointed out. This path is always the path of love, the way of kindness, consecrated endeavor, true humility, and spotless purity. Thus journeying on, our holy aims will be blessed of the Father and our greatest joy will be

"To point that living way, to speak
The truth that makes men free,
To bring that quick'ning life from
heaven,
[In] highest ministry."
(Hymn 131, Christian Science Hymnal.)

Campus Chatter

By WILLOW LOUISE NORD

Resume of Baby Ball

Lollipops, candied apples, dancing, entertainment, and local figures disguised in baby clothes, all this sums up the "Little Kid Party" held last Saturday night at the grammar school auditorium under the sponsorship of the Girls and Boys Glee Club, and their instructor, Walter Testa.

The high school students and others all reverted to "babies" at the dance. The auditorium was decorated as a nursery and such games as musical chairs, ring-around-rosy and others were played.

A sextet of girls sang "I Found My Yellow Basket" and "There's a Far-away Look in Your Eyes." The girls were Dixie Croft, Inez Morrison, Margaret Dunne, Juin Crawford, Bessie Gees, and Willow Nord.

Two prizes were given for the best costumes. They were won by Betty Coffman who wore a blue gingham dress, red polka-dot pants and artificial freckles and Helen Moynihan who dressed in the latest of baby clothes, a blue panty-dress.

The girls, who couldn't finish eating their prizes at the dance that night, showed up every day this week, at school, enjoying all day suckers.

After all the term examinations held last week, this week was a comparatively easy one at school.

Annual Goes to Press

Tuesday a group of annual staff representatives, Marjorie Gibbs, Juin Crawford, Ted Reed, Willow Nord and their principal, Mr. Richardson drove to Los Angeles to buy annuals and a camera and see about other incidentals concerning the yearbook.

The Senior English class has the book well under way, and none too soon, as it must be finished by May 1st.

So the class will have their heads to the grindstone from now to then selling advertising, mimeography, carving and so forth, as the book is to be done entirely by hand, except for the covers out of Philippine mahogany.

The art students will paint the drawings on the front of the book and other sketches; Ted Reed, with the help of Mr. Summers is taking pictures of all major school events, candid camera shots of the seniors, teachers and classroom scenes, while the rest of the Annual Staff will be ambitiously "ironing," as the pictures must be dry mounted which requires this process.

Wednesday, a special assembly was called and the "kids" were treated to an exhibition of fencing. Mr. Vince, well-known instructor of Palm Springs, gave a brief talk on the art of fencing and he and his wife gave a demonstration accentuating the high-lights of this age-old sport.

Warning to Mothers and Fathers

Here's a tip to mothers and fathers, brothers and sisters, and any one else owning a car.

Their offspring have been tediously studying for a driving test so they can get licenses.

It won't be long now before Mom and Dad will have to sacrifice an evening of car riding so Johnny can sport the family car and Suzy can take it to school.

WORKS OUT SENTENCE IN COUNTY JAIL

Arrested recently in the village for intoxication, Ben Lopez, a resident of Banning, was unable to pay his fine of \$25. He was therefore sentenced by the city court to 12½ days in the county jail.

Palm Springs

100 Golfers . .

(Continued from Page One)

McCormick, present champion, will defend his title. Pat Abbott, runner-up in the National championship at Pittsburg, will play. Jack Gaines, former champion, has sent in his entry. In addition to this the first twenty low handicap golfers of Southern California will be invited. Added to this private golf parties are being arranged for this event. It is advisable for all Palm Springs players who are expecting to compete to get their starting time at once. The committee in charge is Thos. A. O'Donnell and Milton Hicks co-chairman, assisted by Jack French, J. W. McAllister, Geo. Howard, pre, and John Kline manager. Arrangements are being made to have a banquet and calcutta on Friday night with other entertainment planned for Saturday evening.

Much interest is being shown in the Senior event which will be held on Friday the 17th, and about fifty seniors will compete in their class. H. W. Dorsett of Long Beach is one of the leading competitors and has received a prize in the last two tournaments. Judge C. A. Gale of Oakland will be on hand to defend his title.

Highlights of the week: Mrs. E. V. Schweitzer, Vermont, 71; Mrs. John Hamrick, Seattle, 42, for the nine; Jack French, San Francisco, 74; Dan Topping, Jr., Greenwich, Conn., 67; Jim French, San Francisco, 68; Milton Hicks, Palm Springs, 67.

Seen daily at the Desert Golf Course: C. H. Clarke, Seattle; Florence Rice, Los Angeles; Stewart Hawley, San Francisco; Geo. White, New York; Jesse Lasky, Arch Selywin, Los Angeles; Dan Topping, Jr., Greenwich, Conn.; J. E. French, San Francisco; Lee Smith, San Francisco; E. D. McNear, John Anderson, Petaluma, Calif.; D. E. Tanner, Portland, D. R. Fisher, Seattle; Mr. and Mrs. Ned Endris, Tacoma, Wash.; Mrs. Thos. O'Donnell and Mrs. H. H. Timken of Canton, Ohio; W. H. Crawford, Massillon, Ohio; Mr. and Mrs. John Hamrick, Seattle; Mr. and Mrs. B. F. Shearer, Seattle; and Ruth Seager, St. Paul.

Village Manifests . .

(Continued from First page)

man, due to illness. Dr. Lechner drove down from Los Angeles to attend this meeting.

At Monday's meeting a permanent finance committee was elected, consisting of Earl Coffman, chairman; Guy Pinney, Alex Nord and Commander Thales Boyd. This finance group will handle the funds held back for local use from the benefit demonstration.

It was decided Monday to hold another meeting at the Desert Inn at noon today, Friday, of the entire committee. At this meeting tickets will be given to committeemen for distribution among the people of Palm Springs. The tickets were printed this week.

An incomplete list of the membership of the Palm Springs "Americanism committee" is as follows: Earl Coffman, chairman; Commander Thales Boyd, Florian Boyd, Mayor Philip Boyd, Guy Pinney, Father Michael O'Conner, Alex Nord, Dr. Russell Gray, Miss Katherine Finchy, Lloyd Simon, John Jenkins, Harold Barkow, Alvah Hicks, John R. E. Chaffey, Earle Strebe, Jerry Sanborn, Francis Crocker, H. E. Patterson, Morris F. Richardson, Judge Albert R. Hoffman, W. R. Hillery of Cathedral City, Henry Weinberger, and Dr. John Robert Macartney.

It was pointed out at one meeting of the committee the very great need, even in Palm Springs, for patriotic work against communism. It was reported that some students of the high school here have been circled with communistic literature.

Persons desiring to get an idea of the type of work done by the Americanism Educational League can do so by tuning in on radio station KFWB every Friday night at nine o'clock. The half-hour program, "America Marches On," that comes on at that time is sponsored by the League.

The Americanism Educational League is sponsored by a group of American Legion members, and has the whole-hearted support of that body. The local Americanism benefit performance has the support of all the churches of Palm Springs.

HEAD INJURIES PUT PETER SHEA IN HOSPITAL

Seven-year-old Peter Shea is at a hospital in Los Angeles suffering from severe head injuries received while playing recently. After emergency treatment by Dr. Russell Gray, he was taken to Los Angeles. Peter is the son of Mr. and Mrs. Thomas Shea, winter visitors from New York.

Air Show . . .

(Continued From First Page)

to Mayor Boyd inviting him and the residents of Palm Springs to attend the grand opening of the World's Fair at San Francisco.

The exciting air show will start at two o'clock in the afternoon, and will include an exhibition and delayed parachute jump by Jimmy Goodwin. As the last act on the program, Jimmy will perform the famous "bat wing flight" from an altitude of 10,000 feet—flying on home-made wings for 9,000 feet before opening his parachute.

There will be ten flying acts in all. The program will include spot landings, streamer straffing, looping and spinning a transport plane, and a program of flying by the Western Air College of Alhambra.

A feature of the program will be a comedy flying act entitled, "How Not to Fly An Airplane." Another highlight of the afternoon will be a wild series of aerial flip flops by George Bormet, nationally known stunt flyer.

A percentage of the receipts from the air show will go into the coffers of the local Junior Chamber of Commerce.

Day's Program

Arrival—8:00 a. m. to 9:30 a. m.
Breakfast—9:30 a. m., Rogers' Stables, \$1.00.

Rodeo—10:00 a. m. to 11:00 a. m., Rogers' Stables, free.

Man From Mars—11:30 a. m., Air Port.

Sunday afternoon—2:00 p. m. to 4:00 p. m.

Admission 40c—Junior Chamber sells the tickets.

1. Spot landing.
2. Delayed jump.
3. Comedy flying.
4. Exhibition jump.
5. Stinson transport acrobatics.
6. Great Lakes acrobatics.
7. Streamer strapping.
8. Bat man jump.

The public is invited to attend the air show in the afternoon. The price of admission is as follows: adults 40c; children 25c.

Frank Morgan
Building Home
Rancho Mirage

Contractor H. H. Foster is busily erecting a two-bedroom adobe home at Rancho Mirage for screen actor and Mrs. Frank Morgan.

A feature of the home, according to Mr. Foster, are the adobe walls two feet in thickness. The home will be completed sometime this month.

BOY SCOUT WEEK

February 8 to 14 Inclusive

Be A Good Scout

• The undersigned merchants of Palm Springs urge you to co-operate with local Boy Scout Leaders to observe Boy Scout Week and the 29th anniversary of Scouting.

Wednesday, Feb. 8—
The Scout Birthday

This day is the 29th birthday of the Boy Scouts of America. During the past 29 years it has become one of the foremost character building organizations of America.

**Desert Garden
Date Shop**
FLETA WROUGHTON

Thursday, Feb. 9—
Scout Citizenship Day

The great aim of Scouting is to make every Boy Scout a Better Citizen.

For this reason the Boy Scouts of America deserve the support of every loyal American.

Desert Fuel Service
M. M. RANSOM Phone 5164

Friday, Feb. 10—
Brotherhood Day

Scouting teaches the Brotherhood of Man and Friendly Relations between Nations.

If most of the men of each nation had been Boy Scouts, there would be no more wars.

Dr. Franz B. Buerger
DENTIST

Saturday, Feb. 11—
Scout Service Day

The chief test of a Boy Scout is doing of a good turn to somebody every day, quietly and without boasting.

If we all did that, this would be a much happier world.

Valentine's Pharmacy
HARRY VALENTINE
